

Final Results of Review

As a result of the clerical error comment received, we have revised our final results and determine that the following margins exist for the period July 1, 1996, through June 30, 1997:

Manufacturer/exporter	Margin (percent)
Imperial Chemical PLC	13.00

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisement instructions concerning all respondents directly to the U.S. Customs Service. For assessment purposes, we have calculated an importer-specific duty assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the same sales. The rate will be assessed uniformly on all entries of that particular company made during the POR.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(1) of the Act: (1) the cash deposit rates for the reviewed firms will be the rates indicated above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department or the LTFV investigation, the cash deposit rate will be 11.13 percent, the all others rate from the LFTV investigation.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption

that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of the APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) and 777(i)(1) of the Act.

Dated: March 3, 1999.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Extension of Time Limits for Preliminary Results

The Department of Commerce has received a request to conduct an administrative review of the antidumping duty order on oil country tubular goods from Japan. The Department initiated this antidumping administrative review for Sumitomo Metal Industries Ltd. on September 29, 1998 (63 FR 51893) and for Okura and Company on October 29, 1999 (63 FR 58009). The review covers the period August 1, 1997 through July 31, 1998.

Because of the complexity of certain issues, it is not practicable to complete these reviews within the time limits mandated by section 751(a)(3)(A) of the Act. Therefore, in accordance with that section, the Department is extending the time limits for the preliminary results to August 15, 1999.
