

NASA Case No. LAR 15892-P: Rapid Quantitative Global Aeroheating Measurements Using a Weighted Two-Color Phosphor Thermography Method;

NASA Case No. LAR 15396-P: Method and System for Non-Invasive Endoscopic Virtual Reality Biofeedback;

NASA Case No. LAR 15660-P: Dielectrically-Isolated Single-Crystal Silicon Piezoresistive Microphone;

NASA Case No. LAR 15773-P: Synthetic Jet Driven by Resonant Cantilever Actuator Using Piezo-Ceramics.

Dated: March 5, 1999.

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (99-044)]

### Intent To Grant a Partially Exclusive Patent License

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of intent to grant a patent license.

**SUMMARY:** NASA hereby gives notice that AirFlow Catalyst Systems, Inc., a corporation of the State of Delaware, having its principal place of business at 2600 Chase Square, Rochester, New York, 14604, has applied for a partially exclusive license to practice the invention LAR 15652-1-CU, entitled "Catalyst for oxidation of hydrocarbons and volatile organic compounds," for which a U.S. Patent Application was filed December 16, 1997, by the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. Written objections to the prospective grant of a license should be sent to the NASA Langley Research Center.

**DATES:** Comments to the notice must be received by May 11, 1999.

**FOR FURTHER INFORMATION CONTACT:** Ms. Hillary W. Hawkins, Patent Attorney, Langley Research Center, Mail Stop 212, Hampton, VA 23681-0001; telephone 757-864-8882; fax 757-864-9190.

Dated: March 5, 1999.

**Edward A. Frankle,**

*General Counsel.*

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (99-045)]

### Notice of Prospective Patent License

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of prospective patent license.

**SUMMARY:** NASA hereby gives notice that SRS Technologies, Inc., of Huntsville, Alabama 35806, has applied for an exclusive license to practice the inventions disclosed in U.S. Patent No. 4,595,548, entitled "Process for preparing essentially colorless Polyimide Films Containing Phenoxy-linked Diamines," U.S. Patent No. 4,603,061, entitled "Process for preparing highly optically transparent colorless Aromatic Polyimide Film," U.S. Patent No. 5,338,826, entitled "Structures from low Dielectric Polyimides," U.S. Patent No. 5,428,102, entitled "Low Dielectric Polyimides," Canadian Patent No. 1,312,990, entitled "Process for preparing low Dielectric Polyimides," Canadian Patent No. 1,334,362, entitled "Process for lowering the Dielectric constant of Polyimides using Diamic Acid additives," and European Patent No. 0299865 entitled, "Process for preparing low Dielectric Polyimides," all of which are assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. Written objections to the prospective grant of a license should be sent to the NASA Langley Research Center.

**DATES:** Responses to this notice must be received by May 11, 1999.

**FOR FURTHER INFORMATION CONTACT:** Ms. Hillary W. Hawkins, Patent Attorney, Langley Research Center, Mail Stop 212, Hampton, VA 23681-0001; telephone 757-864-3230; fax 757-864-9190.

Dated: March 5, 1999.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Information Security Oversight Office; National Industrial Security Program Policy Advisory Committee: Notice of Meeting

In accordance with the Federal Advisory Committee Act (5 U.S.C. App. 2) and implementing regulation 41 CFR

101.7, announcement is made for the following committee meeting:

*Name of Committee:* National Industrial Security Program Policy Advisory Committee (NISPPAC).

*Date of Meeting:* Wednesday, April 7, 1999.

*Time of Meeting:* 10 am to noon.

*Place of Meeting:* National Archives Building 700 Pennsylvania Avenue, NW, Room 105, Washington, DC.

*Purpose:* To discuss National Industrial Security Program policy matters.

The meeting will be open to the public. However, due to space limitations and access procedures, the names and telephone numbers of individuals planning to attend should be submitted to the Information Security Oversight Office (ISOO) no later than March 28, 1999.

*For Further Information Contact:* Steven Garfinkel, Director, Information Security Oversight Office, National Archives Building, 700 Pennsylvania Avenue, NW, Room 100, Washington, DC 20408, telephone (202) 219-5250.

Date: March 9, 1999.

**Mary Ann Hadyka,**

*Committee Management Officer.*

[FR Doc. 99-6115 Filed 3-11-99; 8:45 am]

BILLING CODE 7515-01-P

## NATIONAL GAMBLING IMPACT STUDY COMMISSION

### Meeting

**AGENCY:** National Gambling Impact Study Commission.

**ACTION:** Notice of public meeting.

**SUMMARY:** At its eleventh regular meeting the National Gambling Impact Study Commission, established under Public Law 104-169, dated August 3, 1996, will conduct its normal meeting business; hear possible presentations from one or more subcommittees; and continue its ongoing review of Commission research on economic and social gambling impacts and recommendations for the final report.

**DATES:** Thursday, March 18, 8:30 a.m. to 5:30 p.m., and Friday, March 19, 8:30 a.m. to 5:00 p.m.

**ADDRESSES:** The meeting site will be: Center for Strategic and International Studies, Bottom Level, 1800 K Street, N.W., Washington, DC 20006.

Written comments can be sent to the Commission at 800 North Capitol Street, N.W., Suite 450, Washington, D.C. 20002.

**STATUS:** The meeting will be open to the public both days.

**CONTACT PERSONS:** For further information contact Craig Stevens at (202) 523-8217, or write to 800 North Capitol St., N.W., Suite 450, Washington, D.C. 20002.

**SUPPLEMENTARY INFORMATION:** All members of the public or the media who plan to attend the meeting are requested to contact Mr. Craig Steven at the Commission in advance. Mr. Stevens will instruct individuals on the process by which attendees may enter the GAO's secured building. The meeting agenda will include normal meeting business and an ongoing review of Commission research on economic and social gambling impacts and recommendations for the final report. In addition, the Commission will hear from one or more subcommittees on possible findings and recommendations. Individual subcommittee meetings will be held March 17-19. For more information on individual subcommittee meetings, please contact Mr. Craig Stevens at the Commission for meeting times and locations.

**Tim Bidwill,**

*Special Assistant to the Chairman.*

## NATIONAL SCIENCE FOUNDATION

### Agency Information Collection Activities: Comment Request

**AGENCY:** National Science Foundation.  
**ACTION:** Submission for OMB review; comment request.

**SUMMARY:** Under the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3501 et seq.), and as part of its continuing effort to reduce paperwork and respondent burden, the National Science Foundation (NSF) is inviting the general public and other Federal agencies to comment on this proposed continuing information collection. This is the second notice for public comment; the first was published in the **Federal Register** at 63 FR 44937 (August 21, 1998) and no comments were received. NSF is forwarding the proposed renewal submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

**DATES:** Comments regarding (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Office of Information and Regulatory Affairs of OMB, Attention: Desk Officer for National Science Foundation, 725-17th Street, N.W. Room 10235, Washington, D.C. 20503, and to Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230 or send email to splimpto@nsf.gov. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling 703-306-1125 x 2017.

NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

**FOR FURTHER INFORMATION CONTACT:** Suzanne H. Plimpton, Reports Clearance Officer at (703) 306-1125 x 2017 or send email to splimpto@nsf.gov.

**SUPPLEMENTARY INFORMATION:**

*Title of Collection:* Scientific and Engineering Research Facilities at Colleges and Universities (Follow-Up Survey).

*OMB Control Number:* 3145-0101.

*Use of the Information:* The 1998 Survey of Science and Engineering Research Facilities at Universities and Colleges conducted by NSF collected data on the status of academic science and engineering (S&E) research facilities. The proposed Follow-Up Survey will collect additional information to supplement the original survey data, increasing its usefulness to Federal agencies and policymakers. Total research construction costs will be identified by project and broken down into particular space designation measurements, which will allow OMB to establish more accurate and effective benchmark rates for consideration during the internal review of academic research facilities. The purpose of the Follow-Up Survey is to gather project costs, research space costs, and gross and net assignable square feet (NASF) for buildings with a research component which have total project costs that exceed \$25 million. Buildings that are

eligible to be included in the survey were constructed in U.S. research-performing colleges and universities during fiscal years 1996 and 1997, based on the data collected by NSF in the 1998 Survey of Scientific and Engineering Research Facilities at Universities and Colleges. The original NSF study was implemented to gather data about the status of academic S&E research facilities for Federal policymakers to use in policy decision-making. OMB's stated intention in implementing the internal review process for academic research institutions is to improve accountability of institutions regarding the federal funds allocated for use in building construction and improvement. The Follow-Up Survey, by focusing on costs segmented by project, requiring exact space designations, taking into account any specialized project features, and thereby improving the precision of analysis of large research facility costs, will mitigate concerns about the usefulness of the averaged benchmark rates determined by the initial study. The increased accuracy of these data will allow Federal policymakers, planners, and budget analysts, as well as academic officials and state agencies, to make more exact and, as a result, more valid judgments concerning the reasonableness of facility costs.

*Expected Respondents:* The initial basis for the sample will be those 70 institutions that reported any new construction of research space during fiscal years 1996 and 1997. Data will be collected using pencil-and-paper methodology. A brief screening survey will precede the main study questionnaire in order to determine eligibility for inclusion in the main study. The screener surveys will be sent to the coordinators designated for the 1998 Survey of Scientific and Engineering Research Facilities at Universities and Colleges. Each qualifying institution will be given the opportunity to designate a coordinator to manage their data collection.

*Burden on the Public:* Based on the fact that the proposed survey questions involve data that are readily available to the respondents, combined with the overall brevity of the questionnaire, we do not believe that the survey will represent a significant burden on the respondents. Indeed, the information collected may be of benefit to the respondents with improved accuracy in building cost estimates. The screener survey will be sent by e-mail to 70 institutions. The completion time per academic institution is expected to average 30 minutes. Assuming a 90% response rate on the screener survey, the
