

1999, deadline to the Advisory Committee.

**If I Cannot Attend the Meeting, Can I Submit Written Comments Regarding an Accrediting Agency in Lieu of Making an Oral Presentation?**

This notice requests third-party oral testimony, not written comments. A request for written comments on agencies that are being reviewed during this meeting was published in the **Federal Register** on December 21, 1998. The Advisory Committee will receive and consider only written comments submitted by the deadlines specified in that **Federal Register** notice.

**How Do I Request To Present Comments Regarding General Issues Rather Than Specific Accrediting Agencies?**

At the conclusion of the meeting, the Committee, at its discretion, may invite attendees to address the Committee briefly on issues pertaining to the functions of the Committee, which are listed earlier in this notice. If you are interested in making such comments, you should inform Ms. LeBold before or during the meeting.

**How May I Obtain Access to the Records of the Meeting?**

We will record the meeting and make a transcript available for public inspection at the U.S. Department of Education, ROB-3, Room 3082, 7th and D Streets, SW, Washington, DC, between the hours of 9:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

**DEPARTMENT OF ENERGY**

**Notice of Intent To Grant Exclusive Copyright License**

**AGENCY:** Department of Energy, Office of the General Counsel.

**ACTION:** Notice of Intent to Grant Exclusive Copyright License.

**SUMMARY:** The Department of Energy intends to grant to Wilmington Publishing Ltd. an exclusive license in the U.S. copyright in the "Commercial Environmental Cleanup, Products and Services Directory" (Directory), as well as the right to register the copyright in foreign countries. The copyright is

owned by the United States of America, as represented by the Department of Energy (DOE). DOE intends to grant the license unless we receive a request from a qualified party for a nonexclusive license in the Directory, as well as a credible written plan for maintaining the Directory and making it available to the Government and the public, both in print and electronically, at reasonable cost, or a statement of reasons why it would not be in the best interests of the United States to grant the proposed exclusive license, together with supporting documents.

**DATES:** Send written responses to the address listed below no later than April 2, 1999.

**ADDRESSES:** Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585.

**FOR FURTHER INFORMATION CONTACT:** Michael P. Hoffman, Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, Forrestal Building, Room 6F-067, 1000 Independence Avenue, S.W., Washington, D.C. 20585; Telephone (202) 586-3441.

**SUPPLEMENTARY INFORMATION:** This Commercial Environmental Cleanup, Products and Services Directory, which is a database of companies working in the area of environmental cleanup, was prepared under Government contract. DOE does not wish to pay for the continued maintenance and dissemination of this Directory, both to Government agencies and to the general public. A Notice of the Opportunity for a license in the Directory appeared in the January 20, 1998 issue of the **Federal Register** [63 FR 2972]. DOE has secured a private entity, Wilmington Publishing Ltd., which, in return for an exclusive, royalty-free license in the Directory, will maintain it as well as make it available in both print and electronic forms. They will make this Directory available both to the Government and the general public, as a stand-alone entity or incorporated with other services on a for-profit basis, thereby relieving the Government of the labor and expense of doing so.

Issued in Washington, D.C., on March 11, 1999.
