Copies of such filing will also be available for inspection and copying at the principal office of the NYSE. All submissions should refer to File No. SR-NYSE-99-05 and should be submitted by April 2, 1999.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission believes that the proposed rule change is consistent with the Act and the rules and regulations thereunder¹² applicable to a national

securities exchange. In particular, the Commission believes that the proposed rule change is consistent with Section 6(b)(5)¹³ which requires, among other things, that the rules of an exchange be designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, not to permit unfair discrimination among customers, issuers, brokers or dealers, and, in general, to protect investors and the public interest.

The Commission believes that the proposed rule change benefits the public because the release of additional PDP information provides investors with a resource to aid them in choosing a broker-dealer for their investment needs. Moreover, increasing disclosure of members' and their associated persons' relevant disciplinary history could help investors determine whether to conduct or continue to conduct business with a particular broker-dealer or associated person. The Commission notes that disclosure of this additional information may serve as a deterrent to fraudulent activity as well.

In reassessing the CRD redesign, the task force determined that the Forms U-4 and U-5 had to be redesigned to accomplish the release of the additional PDP information. In addition to facilitating the release of additional information, the forms were also redesigned to be compatible with the current CRD protocol (*i.e.*, the answers on the interim forms now match the location of questions in the CRD system). The Commission, therefore, approves the use of these interim forms, recognizing their necessity in disseminating this additional disciplinary history to the public.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. The Commission notes that the forms have previously been approved by the Commission and are currently in effect.¹⁴ The Commission also notes that the previous filing was submitted for the requisite notice and comment period, and the Commission received no public comments. Furthermore, the proposed rule change

impact on efficiency, competition, and capital formation. The Commission notes that a version of the Forms U-4 and U-5 are used by all self-regulatory organizations. Moreover, the forms provide self-regulatory organizations with a centralized and efficient means of maintaining information on member firms and their associated persons. 15 U.S.C. 78c(f).

raises no new issue of regulatory concern. The Commission believes, therefore, that granting accelerated approval to the proposed rule change is appropriate and consistent with Section 6¹⁵ of the Act.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁶ that the proposed rule change (SR-NYSE-99-05) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁷
