[Docket Nos. MC99-1 and MC99-2; Order No. 1233]

Mail Classification Proceedings; (Authority: 39 U.S.C. 3623)

AGENCY: Postal Rate Commission.

ACTION: Notice of new cases affecting nonletter-sized business reply mail.

DATES: See **SUPPLEMENTARY INFORMATION** section for dates.

ADDRESSES: Send communications concerning this notice to the attention of Margaret P. Crenshaw, Secretary of the Commission, 1333 H Street NW., Suite 300, Washington, DC 20268-0001.

FOR MORE INFORMATION CONTACT: Stephen L. Sharfman, General Counsel, 1333 H Street NW., Washington, DC 20268-0001, 202-789-6820.

SUPPLEMENTARY INFORMATION: On March 10, 1999, the Postal Service filed concurrent requests with the Commission for recommended decisions on proposed changes in the Domestic Mail Classification Schedule (DMCS). These alternatives are referred to as the "weight averaging" method and the "reverse manifest" method. The experiment was authorized as a result of Docket No. MC97-1. It began June 8, 1997 and expires June 7, 1999. See Order No. 1148 (December 18, 1996); 61 FR 67860-62 (December 24, 1996); PRC Op. MC97-1 (April 2, 1997); and Decision of the Governors of the United States Postal Service on the Commission's Recommended Decision (May 6, 1997).

The Service represents, in its two requests and related filings, that developments warrant making the experimental classification and fees permanent for the weight averaging accounting method, but not for the reverse manifest method. At the same time, the Service finds that certain technical and administrative issues
