

and has exclusively used this delivery point for the transportation and delivery of natural gas under Part 284, Subpart B. El Paso states that the regulatory restriction placed on the operation of a facility installed under Section 311(a) of the NGPA prohibits El Paso's shippers from utilizing this delivery point under any transportation arrangement other than a Subpart B transportation arrangement. In view of this limited service flexibility, El Paso states that certification of the Angel Park Delivery Point pursuant to Section 157.212 of the Commission's Regulations, is necessary and in the public interest.

El Paso states that the continued operation of the existing Angel Park Delivery Point under the NGA is not prohibited by El Paso's existing Volume No. 1-A FERC Gas Tariff. Other than the certification of service under Subpart G, this proposal will not result in any change in the transportation service or the total volumes delivered at the Angel Park Delivery Point. El Paso further states that it has sufficient capacity to accomplish the deliveries of the requested gas volumes without detriment or disadvantage to El Paso's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

[Docket No. CP99-255-000]

Florida Gas Transmission Company; Notice of Request Under Blanket Authorization

Take notice that on March 15, 1999, Florida Gas Transmission Company

(FGT), 1400 Smith Street, Houston, Texas 77002, filed in Docket No. CP99-255-000 a request pursuant to Sections 157.205, 157.212 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212, and 157.216) for authorization to upgrade an existing meter station in order to accommodate deliveries of natural gas to TECO Peoples Gas System, Inc. (TECO), in Duval County, Florida. FGT makes such request under its blanket certificate issued in Docket No. CP82-553-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request on file with the Commission. The filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

It is stated that TECO has requested FGT to upgrade an existing meter station, to allow for delivery of 6,100 Mcf per hour at a pressure of 480 psig under existing transportation service agreements by and between FGT and TECO. FGT avers that the existing capacity is 7,100 Mcf per hour delivered at a pressure of 250 psig. It is indicated that TECO will be upgrading the MAOP of their 18-inch pipeline over to the area of JEA's Northside Power Plant in order to serve new turbines that require 400 psig inlet pressure.

Specifically, FGT proposes to upgrade the meters, and modify the headers and valves in the Jacksonville Border Station to serve TECO. FGT further states that the upgrade to this existing meter station will not impact FGT's peak day or annual deliveries.

FGT states that the proposed upgrade to the Jacksonville Border Station, will be at the end of FGT's 16-inch Jacksonville Lateral near mile post 45.5. The estimated cost for upgrading the facilities is \$273,507.—which FGT states will be reimbursed by TECO. It states that the end-use will be residential, industrial, electric generation and commercial.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 175.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for

authorization pursuant to Section 7 of the Natural Gas Act.

[Docket No. TM99-5-34-000]

Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

March 23, 1999.

Take notice that on March 17, 1999, Florida Gas Transmission Company (FGT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets, effective April 1, 1999:

Thirty-Third Revised Sheet No. 8A
Twenty-Fourth Revised Sheet No. 8A.01
Twenty-Fifth Revised Sheet No. 8A.02
Twenty-Ninth Revised Sheet No. 8B
Twenty-Second Revised Sheet No. 8B.01

FGT states that in Docket No. TM99-4-34-000 filed on February 25, 1999, FGT filed to establish a Base Fuel Reimbursement Charge Percentage (Base FRCP) of 2.76% to become effective for the six-month Summer Period beginning April 1, 1999. On March 5, 1999 FGT submitted a Substitute Sheet 8A.01 to reflect conforming changes to FGT's underlying FTS-2 rates made in a separate concurrent filing. Both of these filings, with requested effective dates of April 1, 1999, are currently pending Commission approval. In the instant of filing, FGT states that it is filing a flex adjustment of <0.26>% to be effective April 1, 1999, which, when combined with the proposed Base FRCP of 2.76%, results in an Effective Fuel Reimbursement Charge Percentage of 2.50%. This is the same rate which is currently in effect.

FGT states that the tariff sheets listed above are being filed pursuant to Section 27.A.2.b of the General Terms and Conditions of FGT's Tariff, which provides for flex adjustments to the Base FRCP. Pursuant to the terms of Section 27.A.2.b, a flex adjustment shall become effective without prior FERC approval provided that such flex adjustment does not exceed 0.50%, is effective at the beginning of a month, is posted on FGT's EBB at least five working days prior to the nomination deadline, and is filed no more than sixty and at least seven days before the proposed effective date. FGT states that the instant filing

comports with these provisions and FGT has posted notice of the flex adjustment prior to the instant filing.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of the filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Granite State Gas Transmission, Inc.; Notice of Proposed Changes in FERC Gas Tariff

March 23, 1999.

Take notice that on March 17, 1999, Granite State Gas Transmission, Inc. (Granite State) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the substitute revised tariff sheet listed below for effectiveness on April 1, 1999:

Substitute Ninth Revised Sheet No. 289

Granite State states that on March 2, 1999, it filed Ninth Revised Sheet No. 289 to reinstate in its tariff certain requirements of the Gas Industry Standard Board (GISB) for which Granite State had been granted an extension to comply. According to Granite State, it omitted two GISB Standards from the group of Standards it intended to reinstate: GISB Version 1.2, Standard 3.3.1 and 3.3.2. Granite State further states that the substitute revised tariff sheet submitted in the instant filing corrects the omission.

Granite State states that copies of its filing have been served on its firm and

interruptible customers and on the regulatory agencies of the states of Maine, Massachusetts and New Hampshire.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. [Docket No. RP99-220-001]

Great Lakes Gas Transmission Limited Partnership; Notice of Compliance Filing

March 23, 1999.

Take notice that on March 19, 1999, Great Lakes Gas Transmission Limited Partnership (Great Lakes) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets proposed to be effective March 8, 1999:

Substitute Fourth Revised Sheet No. 23
Substitute Fifth Revised Sheet No. 27
Substitute Second Revised Sheet No. 46
Substitute Original Sheet No. 55A

Great Lakes states that these tariff sheets are being filed to comply with the Order issued by the Commission on March 5, 1999, in Great Lakes' proceeding to implement negotiated rates (Order). 86 FERC Para. 61,234 (1999). In the Order Great Lakes was directed to file tariff sheets that clarify how the NPV of negotiated rate bids at less than the maximum recourse rate will be determined and how bids using different rate forms will be evaluated under the right of first refusal procedures, for the purpose of evaluating the priority of shippers subject to bumping, and for determining

the economic value of a request for available or unsubscribed capacity. Great Lakes states that above named tariff sheets comply with the Commission's Order.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations.
