**GPRA Client Outcomes for the Substance Abuse and Mental Health Services Administration (SAMHSA)**

NEW—The mission of the Substance Abuse and Mental Health Services Administration (SAMHSA) is to improve the effectiveness and efficiency of substance abuse and mental health treatment and prevention services across the United States. All of SAMHSA's activities are designed to ultimately reduce the gap in the availability of substance abuse and

mental health services and to improve their effectiveness and efficiency.

Data will be collected from all grantees under four Fiscal Year 1998 grant programs of the Center for Substance Abuse Treatment and from all SAMHSA knowledge development and application and targeted capacity expansion grants and contracts where client outcomes are to be assessed at intake and post-treatment beginning in Fiscal Year 1999. SAMHSA-funded projects will be required to submit this data as a contingency for their award. The analysis of the data will also help determine whether the goal of reducing health and social costs of drug use to the public is being achieved.

The primary purpose of the proposed data collection activity is to meet the reporting requirements of the Government Performance Review Act (GPRA) (Public Law 103-62) by allowing SAMHSA to quantify the effects and accomplishments of SAMHSA programs. In addition, the data will be useful in addressing goals and objectives outlined in ONDCP's *Performance Measures of Effectiveness*. Following is the estimated annual response burden for this effort.

Center	Number of clients	Responses/client	Hours/response	Annual burden hours
Center for Substance Abuse Treatment .....	3,750	3	.70	2,625
Center for Substance Abuse Prevention .....	12,150	3	.63	7,654
Center for Mental Health Services .....	13,837	3	.25	3,459
<b>TOTAL</b> .....	.....	.....	.....	13,738

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Daniel Chenok, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.
