DEPARTMENT OF THE INTERIOR
Office of Surface Mining

Privacy Act of 1974, as Amended; Systems of Records

AGENCY: Office of Surface Mining, Interior.

ACTIONS: Notice of deletion.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended (5 U.S.C. 552a), notice is hereby given that the Department of the Interior is deleting one system of records managed by the Office of Surface Mining. The system of records entitled "Personnel Security Files—Interior/OSMRE–7" is deleted because the system is covered by and maintained in two other systems of records notices.

DATE: Action will be effective April 7, 1999.

FOR FURTHER INFORMATION CONTACT: Peggy Moran-Gicker, Office of Personnel, Office of Surface Mining, at (202) 208–2762.

SUPPLEMENTARY INFORMATION: Earlier Privacy Act Compilations list the systems of records with the prefix of "OSMRE" (e.g., OSMRE–4) when originally published in the Federal Register. The prefix was later changed to "OSM" in subsequent records systems for convenience; the content of the systems of records is the same.

The two systems of records being deleted and the reasons for deletion are listed below:

1. Interior/OSMRE–4, "Property Control," previously published in the Federal Register on December 27, 1988 (53 FR 52241). The records contained in this system of records are covered by and maintained in Interior/MMS–2, "Property Accountability Records," published in the Federal Register on February 18, 1999 (64 FR 8111). Records can be located by contacting the System Manager(s) listed in MMS–2: Chief, Support Services Branch, Procurement and Support Services Division, Minerals Management Service Division, Minerals Management Service, Mail Stop 2520, 381 Eiden Street, Herndon, Virginia 20170–4817 or Chief, Office of Administration, Office of Surface Mining, 1951 Constitution Avenue, NW, Washington, DC 20240.

Records can be located by contacting the System Manager(s) and following the procedures listed in those notices.

Robert Ewing,
Chief Information Officer, Office of Surface Mining.
