[Docket No. RP99-267-000]

#### Destin Pipeline Company, L.L.C.; Notice of Petition for Waiver of Tariff Provisions

April 2, 1999.

Take notice that on March 30, 1999, Destin Pipeline Company, L.L.C. (Destin) tendered for filing a petition for a limited waiver of its FERC Gas Tariff, Original Volume No. 1, in accordance with Section 161.3(b) of the Commission's Regulations, 18 CFR 161.3(b).

Destin requests a limited waiver of its Tariff to the extent necessary to make an adjustment to its shippers' transportation accounts for the months of September, 1998, through April, 1999.

In its initial months of operation, Destin has determined that its cashout provisions in Section 14 of the General

Terms and Conditions of its Tariff can result in an inequity when a shipper's imbalance is a minor quantity, yet a large percentage of its monthly transported volume. For example, such a result could affect small working interest owners, shippers transporting Plant Thermal Reduction only, or shippers commencing service at the end of a month. Under Destin's current Tariff provision, the smallest system imbalances can incur the worst per unit cashout economics for a shipper.

Accordingly, Destin has filed on March 30, 1999, a proposed modification to Section 14 of the General Terms and Conditions of its Tariff to add a 5,000 Dth tolerance, within which a shipper will be cashed out at 100% of the High or Low Price, as applicable, regardless of the percentage of excess deliveries or receipts. This tariff change is proposed to be effective May 1, 1999.

In preparing its Tariff filing, Destin compiled a list of shippers from September, 1998, through February, 1999, with imbalances of less than 5,000 Dth that were subject to cashout tiers under Destin's Tariff. This information is attached as Appendix A to Destin's filing in this proceeding. Destin will make a subsequent informational filing in this proceeding to provide the list of shippers affected by the waiver for the period March-April, 1999, when such data is available.

Destin believes that any imbalances of less than 5,000 Dth occurring from September, 1998, through April, 1999, after which Destin's Tariff revision will be effective, should be cashed out at 100% of the High or Low Price, as applicable, rather than according to the premium tiers required in Section 14.1. Destin submits that the specific facts presented plus the inequitable result absent an adjustment constitute good cause for the Commission to grant a waiver of its Tariff to the extent necessary to allow Destin to make such an adjustment to its shippers' transportation accounts.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before April 9, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies

of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).
