Columbia Gas Transmission Corporation; Notice of Request Under Blanket Authorization

April 7, 1999.

Take notice that on March 22, 1999, as supplemented April 6, 1999, Columbia Gas Transmission Corporation (Columbia), 12801 Fair Lakes Parkway, Fairfax, Virginia 22030-0146, filed a prior notice request with the Commission in Docket No. CP99-269-000 pursuant to Sections 157.205, 157.208(a), 157.212(a), and 157.216 of the Commission's Regulations under the Natural Gas Act (NGA) for authorization to modify an existing delivery point in Scioto County, Ohio, under Columbia's blanket certificate issued in Docket No. CP83-76-000 pursuant to Section 7 of the NGA, all as more fully set forth in the request which is open to the public for inspection. The application may be viewed on the web at www.ferc.fed.us. Call (202) 208-2222 for assistance.

Columbia proposes to modify an existing delivery point used to serve Columbia Gas of Ohio's (COH) customer, Aristech Chemical Corporation (Aristech) in Scioto County. Columbia proposes to modify the existing metering station by installing and owning electronic measuring equipment, and replacing approximately 1.7 miles of 6-inch diameter pipe with 1.7 miles of 10-inch diameter pipe. Columbia states that it would increase deliveries at the Aristech delivery point from 15,000 dekatherms equivalent of natural gas per day at the modified delivery point. Columbia, however, further states that COH has not requested an increase in its firm entitlements. COH states that it

would cover the increased deliveries at the Aristech delivery point by shifting volumes at other delivery points. Thus, the proposed increased in delivery volumes at the Aristech delivery point would have no impact on Columbia's design day or annual obligations to its other customers. Columbia states that COH would reimburse Columbia approximately \$952,600 for the modification cost of the Aristech delivery point.

Any person or the Commission's staff may, within 45 days after the Commission has issued this notice, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the NGA (18 CFR 157.205) a protest to the request. If no protest is filed within the allowed time, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the NGA.

Acting Secretary.
