

Administration (GSA), this Notice of Availability (NOA) for DEIS is announced. The proposed action is the disposal of all of real property associated with this government owned facility. The property consists of about 6,500 acres of land including buildings, industrial facilities and equipment, roadways, utilities, specialized facilities, easements, rights of way, and natural undeveloped land.

The DEIS addresses impacts of two alternatives considered; Disposal and No-Action (Continued Federal Ownership). The DEIS examined the short and long-term impacts to both natural environment and impacts to the surrounding community. The Disposal Alternative is further refined into a series of alternative land use scenarios. These were developed with the input from the local community through the scoping process.

GSA will solicit community input at a Public Meeting to be held on Thursday April 29th. This will incorporate community comments into the decision process before GSA issues a Final EIS (FEIS). The 45-day comment period will end June 2, 1999.

After the comment period GSA will issue a Final EIS for 30 days of additional comment. A decision on the Disposal will not be made until 30 days after the release of the FEIS. GSA anticipates this decision will be rendered by August 1999.

GSA solicits comments in writing at the following address: Mr. Phil Youngberg, Regional Environmental Officer (4PT), General Services Administration (GSA), 401 West Peachtree Street, NW, Suite 3010, Atlanta, GA 30365, or FAX: Mr. Phil Youngberg at 404-331-4540. Comments should be submitted in writing.

April 8, 1999.

Phil Youngberg,
