

including waiving any front-end sales charge or contingent deferred sales charge on the exchanged security and the acquired security. Therefore, there would be no possibility of the switching abuses Congress sought to prevent through Section 11. Without class relief, before Prudential annuity contract owners could be given additional exchange options, Applicants would have to apply for and obtain additional exemptive orders. Applicants believe that these additional applications would present no new issues under the 1940 Act not already addressed in their application.

5. Applicants submit that the proposed offers of exchange meet all the objectives of Section 11, and would provide a benefit to contract owners by providing new investment options, and an attractive way to exchange existing interests in variable contracts for interests in open-end management investment companies.

#### Conclusion

For the reasons summarized above, Applicants request that the Commission issue an order under sections 11(a) and 11(c) of the Act approving the exchange offers described in the application.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.
