**SUPPLEMENTARY INFORMATION:**

**1. Transfer of Confidential Business Information**

The U.S. Environmental Protection Agency is using biennial report data to establish a national data base on hazardous waste generation and management. These data will be used to characterize the demographics of and trends in hazardous waste generation and management. Under EPA Contract No. GS-35F-4594G, Dyncorp, Inc., and its subcontractor will assist the Information Management Branch, Communications, Information, and Resources Management Division, Office of Solid Waste, in accessing the quality of the Biennial Report data, establishing the National Biennial Report data base, and preparing the national report based on those analyses. Some of the information being transferred may be claimed as Confidential Business Information (CBI).

In accordance with 40 CFR 2.305(h), EPA has determined that Dyncorp, Inc., and its subcontractor require access to CBI submitted to EPA under the authority of RCRA to perform work satisfactory under the above noted contract.

EPA is issuing this notice to inform all submitters of CBI on the 1989, 1991, 1993, 1995 and 1997 Hazardous Waste Report Forms (EPA Form 8700-13 A/B), or State developed biennial report forms, that EPA may transfer to these firms, on a need-to-know basis, CBI collected under the authority of RCRA. Upon completing their review of materials submitted, Dyncorp, Inc., and its subcontractor will return all material to EPA.

Dyncorp, Inc., and its subcontractor have been authorized to have access to RCRA CBI under the EPA "Contractor Requirements for the Control and Security of 2 of 3 RCRA Confidential Business Information Security Manual." EPA will approve the security plans of the contractors to ensure that their facilities comply with security procedures outlined in the security manual prior to RCRA CBI being transmitted to the contractors. Contractor personnel will be required to sign non-disclosure agreements and will be briefed on appropriate security procedures before they are permitted access to confidential information.
