BILLING CODE 4510-01-P

**DEPARTMENT OF THE INTERIOR**

**United States Geological Survey**

**Prospective Grant of Exclusive Patent License**

This is notice in accordance with 35 U.S.C. 209(c)(1) and 37 CFR 404.7(a)(1)(i) that the U.S. Geological Survey (USGS), U.S. Department of the Interior, is contemplating the grant of an exclusive license in the United States to practice the invention embodied in U.S. Patent Application Serial Number 9-015,214 entitled "Automated Groundwater Monitoring System and Method," to Systems Management, Inc. of Hunt Valley, MD 21031.

The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within 60 days from the grant of this published notice, USGS receives written evidence and argument which establishes that the grant of a license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

The present invention is a method of monitoring the quality of water at a ground water sampling site without human intervention. Waste at the sampling site is purged until at least one preselected purge criterion is satisfied. At least one water quality attribute is automatically measured at the sampling site, and quality of water at the site is determined based on the measured water quality attribute. The method is performed by a system including a control unit which, in accordance with a computer program, controls the taking of water quality attribute measurements at the sampling site. The control unit may be equipped with a port for downloading data to a technician on site and with a transceiver for communicating data to a base station via a communications network.

The availability of the invention for licensing has been announced on the USGS' website ([www.usgs.gov/tech-transfer](http://www.usgs.gov/tech-transfer)), on an inventor's website (<http://ma.water.usgs.gov/automo/>), and at industry exhibits appearing more than a year ago.

A copy of the cited patent application is available, for those with a licensing interest, from the USGS Technology Enterprise Office. It may be requested by phone at (703) 648-4450 or by e-mail at [rgraves@usgs.gov](mailto:rgraves@usgs.gov).

Inquiries, comments and other materials relating to the contemplated license must be submitted by regular mail to Neil L. Mark, Technology Enterprise Office, U.S. Geological Survey, 211 National Center, Reston, VA 20192 or by email at [nmark@usgs.gov](mailto:nmark@usgs.gov).

Properly filed competing applications received by the USGS in response to this notice will be treated as objections to the grant of the contemplated license.

**Anton L. Inderbitzen,**

*Director, Technology Enterprise Office.*

**Bureau of Land Management**

[(NM-930-1310-01); (NMNM 96062)]

**New Mexico: Proposed Reinstatement of Terminated Oil and Gas Lease**

Under the provisions of Public Law 97-451, a petition for reinstatement of oil and gas lease NMNM 96062 for lands in Lea County, New Mexico, was timely filed and was accompanied by all required rentals and royalties accruing from December 1, 1998, the date of termination.

No valid lease has been issued affecting the lands. The lessee has

agreed to new lease terms for rentals and royalties at rates of \$10.00 per acre or fraction thereof and 16-2/3 percent, respectively. The lessee has paid the required \$500 administrative fee and has reimbursed the Bureau of Land Management for the cost of this **Federal Register** notice.

The Lessee has met all the requirements for reinstatement of the lease as set out in Sections 31(d) and (e) of the Mineral Leasing Act of 1920 (30 USC 188), and the Bureau of Land Management is proposing to reinstate the lease effective December 1, 1998, subject to the original terms and conditions of the lease and the increased rental and royalty rates cited above.

**Cape Cod National Seashore; South Wellfleet, MA; Cape Cod National Seashore Advisory Commission; Notice of Meeting**

Notice is hereby given in accordance with the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770, 5 U.S.C. App 1, section 10), that a meeting of the Cape Cod National Seashore Advisory Commission will be held on Friday, April 30, 1999.

The Commission was reestablished pursuant to Public Law 87-126 as amended by Public Law 105-280. The purpose of the Commission is to consult with the Secretary of the Interior, or his designee, with respect to matters relating to the development of the Cape Cod National Seashore, and with respect to carrying out the provisions of sections 4 and 5 of the Act establishing the Seashore.

The Commission members will meet at 1:00 p.m. at Headquarters, Marconi Station, Wellfleet, Massachusetts for the regular business meeting to discuss the following:

1. Adoption of Agenda
2. Approval of Minutes of Previous Meeting 03/24/99
3. Report of Officers
4. Report of Nickerson Subcommittee
5. Superintendent's Report  
Highlands Center trip report

- Cellular transmission facilities
- Turkey hunting
- Dog run in Provincetown
- Compendium update
- 6. Old Business
  - PWC Subcommittee
  - ORV Subcommittee
  - Commission handbook
  - Jack's Gas certificate of suspension
- 7. New Business
- 8. Agenda for next meeting
- 9. Date for next meeting
- 10. Adjournment

The meeting is open to the public. It is expected that 15 persons will be able to attend the meeting in addition to Commission members.

Interested persons may make oral/written presentations to the Commission during the business meeting or file written statements. Such requests should be made to the park superintendent at least seven days prior to the meeting. Further information concerning the meeting may be obtained from the Superintendent, Cape Cod National Seashore, 99 Marconi Site Road, Wellfleet, MA 02667.

Dated: April 9, 1999.

**Maria Burks,**  
Superintendent.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Selma to Montgomery National Historic Trail Advisory Council; Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act, Pub. L. 92-463, that a meeting of the Selma to Montgomery National Historic Trail Advisory Council will be held May 13, 1999, at 9:00 am, at the town hall in Whitehall, Alabama.

The Selma to Montgomery National Historic Trail Advisory Council was established pursuant to Pub. L. 100-192 establishing the Selma to Montgomery National Historic Trail. This law was put in place to advise the National Park Service on such issues as preservation of trail routes and features, public use, standards for posting and maintaining trail markers, and administrative matters.

The matters to be discussed include:

- Cooperative Agreements
- Federal Advisory Council Act
- Interpretive Themes
- Interpretive and Visitor Center locations
- Historic route treatment

The meeting will be open to the public. However, facilities and space for

accommodating members of the public are limited and persons will be accommodated on first come, first served basis. Any member of the public may file a written statement concerning the matters to be discussed with Lee Edwards, Trail Manager.

Persons wishing further information concerning this meeting, or who wish to submit written statements may contact Lee Edwards, Trail Manager, Selma to Montgomery National Historic Trail, P.O. Box 5690, Montgomery, AL 36103, telephone 334-353-3744 or 334-727-6390.

**Lee Edwards,**

Trail Manager.

## INTERNATIONAL TRADE COMMISSION

### Submission for OMB Review; Comment Request

**AGENCY:** United States International Trade Commission.

**ACTION:** Agency proposal for the collection of information submitted to the Office of Management and Budget (OMB) for review; comment request.

**SUMMARY:** In accordance with the provisions of the Paperwork Reduction Act of 1995 (P.L. 104-13), the Commission has submitted a proposal for the collection of information to OMB for approval. The proposed information collection is a 3-year extension of the current "generic clearance" (approved by the Office of Management and Budget under control No. 3117-0016) under which the Commission can issue information collections (specifically, producer, importer, purchaser, and foreign producer questionnaires and certain institution notices) for the following types of import injury investigations: countervailing duty, antidumping, escape clause, market disruption, NAFTA safeguard, and "interference with programs of the USDA." Any comments submitted to OMB on the proposed information collection should be specific, indicating which part of the questionnaires or study plan are objectionable, describing the problem in detail, and including specific revisions or language changes.

**DATES:** To be assured of consideration, comments should be submitted to OMB on or before May 21, 1999.

**ADDRESSES:** Comments about the proposal should be directed to the Office of Information and Regulatory Affairs, Office of Management and

Budget, New Executive Office Building, Washington, DC 20503, Attention: David Rossker, Desk Officer for U.S. International Trade Commission. Copies of any comments should be provided to Robert Rogowsky (United States International Trade Commission, 500 E Street, S.W., Washington, DC 20436).

**FOR FURTHER INFORMATION CONTACT:** Copies of the proposed collection of information and supporting documentation may be obtained from Debra Baker (USITC, tel. no. 202-205-3180). Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>).

### SUPPLEMENTARY INFORMATION:

(1) The proposed information collection consists of five forms, namely the *Sample Producers'*, *Sample Importers'*, *Sample Purchasers'*, and *Sample Foreign Producers' questionnaires* (separate forms are provided for questionnaires issued for the five-year reviews) and *Sample Notice of Institution for Five-Year Reviews*.

(2) The types of items contained within the sample questionnaires and institution notice are largely determined by statute. Actual questions formulated for use in a specific investigation depend upon such factors as the nature of the industry, the relevant issues, the ability of respondents to supply the data, and the availability of data from secondary sources.

(3) The information collected through questionnaires issued under the generic clearance for import injury investigations are consolidated by Commission staff and form much of the statistical base for the Commission's determinations. Affirmative Commission determinations in countervailing duty and antidumping investigations result in the imposition of additional duties on imports entering the United States. If the Commission makes an affirmative determination in a five-year review, the existing antidumping or countervailing duty order will remain in place. The data developed in escape-clause, market disruption, and interference-with-USDA-program investigations (if the Commission finds affirmatively) are used by the President/U.S. Trade Representative to determine the type of
