

relief, if any, to be provided to domestic industries. The submissions made to the Commission in response to the notices of institution of five-year reviews form the basis for the Commission's

determination whether a full or expedited review should be conducted. (4) Likely respondents consist of businesses (including foreign businesses) or farms that produce, import, or purchase products under

investigation. Estimated total annual reporting burden for the period July 1999–June 2002 that will result from the collection of information is presented below.

TABLE 1—PROJECTED ANNUAL BURDEN DATA, BY TYPE OF INFORMATION COLLECTION, JULY 1999–JUNE 2002

Item	Producer questionnaires	Importer questionnaires	Purchaser questionnaires	Foreign producer questionnaires	Institution notices for 5-year reviews	Total
Estimated burden hours imposed annually for July 1999–June 2002						
Number of respondents	890	871	575	208	86	2,630
Frequency of response	1	1	1	1	1	1
Total annual responses	890	871	575	208	86	2,630
Hours per response	52.6	44.1	23.2	28.0	7.4	39.9
Total hours	46,825	38,426	13,335	5,832	636	105,054

No recordkeeping burden is known to result from the proposed collection of information.

Issued: April 15, 1999.

By order of the Commission.

Donna R. Koehnke,
Secretary.

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 731–TA–823–824 (Preliminary)]

Certain Aperture Masks From Japan and Korea¹

Determinations

On the basis of the record² developed in the subject investigations, the United

States International Trade Commission determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. § 1673b(a)), that there is no reasonable indication that an industry in the United States is materially injured or threatened with material injury, or that the establishment of an industry in the United States is materially retarded, by reason of imports from Japan of certain aperture masks, provided for in subheading 8540.91.50 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).³

Also, pursuant to 19 U.S.C. 1677(24)(A), the Commission determines that the subject imports from Korea that are alleged to be sold at LTFV are negligible. The Commission's investigation with respect to Korea is thereby terminated pursuant to 19 U.S.C. 1673b(a)(1).

Background

On February 24, 1999, petitions were filed with the Commission and the Department of Commerce by BMC Industries, Inc., Minneapolis, MN, alleging that an industry in the United States is materially injured and threatened with material injury by reason of LTFV imports of certain aperture masks from Japan and Korea. Accordingly, effective February 24, 1999, the Commission instituted antidumping investigations Nos. 731–TA–823–824 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International

Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 3, 1999 (64 FR 10316). The conference was held in Washington, DC, on March 17, 1999, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on April 12, 1999. The views of the Commission are contained in USITC Publication 3185 (April 1999), entitled Certain Aperture Masks from Japan and Korea: Investigations Nos. 731–TA–823–824 (Preliminary).

Issued: April 15, 1999.

By order of the Commission.

Donna R. Koehnke,
Secretary.

INTERNATIONAL TRADE COMMISSION

[Investigation No. TA–201–69]

In the Matter of Certain Steel Wire Rod; Notice of Commission Determination Not To Conduct a Portion of the Hearing In Camera

AGENCY: U.S. International Trade Commission.

ACTION: Commission determination not to close any part of the hearing to the public.

SUMMARY: The Commission has determined to deny the requests of petitioners and Respondents Group (foreign producers in Japan, Trinidad & Tobago, Turkey, Germany, France, Spain, the United Kingdom, Italy, Venezuela, Brazil, and the American Wire Producers Association) to conduct

¹ The products covered by these investigations are all aperture masks (also known as "shadow masks") made from aluminum-killed, open-coil annealed steel (decarburized) (known generally as "AK steel") for color picture tubes ("CPTs") used in television sets. AK steel includes the following types of steel: low carbon, AF (annealing-free) steel, AK type A steel (commonly referred to as AKM steel), AK type B steel, and general AK steel. The aperture masks covered by the scope generally have a vertical pitch (distance between the centers of two apertures) of greater than 0.28 mm. Specifically excluded from the scope are the following products: (1) aperture masks made from FeNi 36 alloy (whether sold under the brand names Invar, Inovar or LLTE); (2) aperture masks that have a vertical pitch of less than 0.28 mm that are generally used for color display tubes ("CDTs") used in computer monitors; and (3) grille masks (a grille mask replaces the slots in an aperture mask with an array of finely tensioned vertical wires). The merchandise subject to these investigations is provided for in subheading 8540.91.50 of the Harmonized Tariff Schedule of the United States (HTS). Although the HTS subheading is provided for convenience and customs purposes, the written description of the merchandise is dispositive.

² The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR § 207.2(f)).

³ Commissioners Carol T. Crawford and Stephen Koplan dissenting.

a portion of its hearing in the above-captioned investigation scheduled for April 15, 1999, *in camera*. See Commission rules 201.13 and 201.35(b)(3) (19 CFR 201.13 and 201.35(b)(3)).

FOR FURTHER INFORMATION CONTACT:

William Gearhart, Office of General Counsel, U.S. International Trade Commission, telephone 202-205-3091, e-mail wgearhart@usitc.gov. Hearing-impaired individuals are advised that information on this matter may be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission believes it should conduct its business in public in all but the most unusual circumstances. The Commission has determined that, in light of the nature of this investigation, it will be able to assess adequately all arguments raised by the parties without resorting to the extraordinary measure of an *in camera* hearing. Accordingly, the Commission has determined that the public interest would be best served by a hearing that is entirely open to the public. See 19 CFR 201.36(c)(1).

Authority: This notice is provided pursuant to Commission Rule 201.35(b) (19 CFR 201.35(b)).

Issued: April 15, 1999.

By order of the Commission.

Donna R. Koehnke,

Secretary.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation and Liability Act

In accordance with 28 CFR 50.7 and section 122 of the Comprehensive Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. 9622, the Department of Justice gives notice that a proposed consent decree in *United States v. City of Albion, MI, et al.*, Civil No. 1:97-CF-1037 (W.D. Mich.), was lodged with the United States District Court for the Western District of Michigan on March 22, 1999, pertaining to the Albion Sheridan Township Landfill Superfund Site (the "Site"), Calhoun County, Michigan. The proposed consent decree would resolve the United States' civil claims against the City of Albion, Michigan (the "City") and three third-party defendants named in this action.

Under the proposed consent decree, Cooper Industries, Inc. ("Cooper") and Corning Incorporated ("Corning") (collectively, the "Settling RA Defendants") would be obligated to finance and perform the remedial action at the Site as specified in EPA's Record of Decision, at an estimated cost of \$2.6 million. The City and Decker Manufacturing Co. ("Decker") (collectively, the "Settling O&M Defendants") would be obligated to finance and perform the operation and maintenance of the remedial action at the Site as specified in the Record of Decision, at an estimated cost of \$0.538 million. The Settling O&M Defendants would be required to reimburse EPA's future response costs at the Site in the amount of \$200,000. In addition, the City would be required to reimburse the Superfund \$400,000, and Decker would be required to reimburse the Superfund \$250,000, in separate obligations, toward the United States' past costs at the Site.

The Site is an inactive municipal landfill located approximately one mile east of the City of Albion in Sheridan Township, Calhoun County, Michigan. The Site, which covers approximately 18 acres, was widely used for both municipal and industrial waste disposal from approximately 1966 to 1981. In the early 1970s, the landfill accepted metal plating sludges, including insoluble hydroxides and carbonates. Other materials, such as paint wastes and thinners, oil and grease, dust, sand and dirt containing flyash and casting sand, also have been disposed of at the Site. Site activities resulted in contamination of soil and groundwater with hazardous substances. The Site will be remediated under the proposed consent decree. The remedial action to be implemented by the Settling RA Defendants consists of the following actions: (1) Removal and off-Site treatment of surface wastes; (2) construction of a landfill cap; (3) installation of passive gas collection system; (4) installation of groundwater monitoring wells; (5) institutional controls, including Site Security, on- and off-Site; and (6) construction of stormwater/infiltration retention basins. The operation and maintenance to be implemented by the Settling O&M Defendants consists of the following actions: (1) Operation and maintenance of the cap and other remedy components installed; (2) long-term (30 years) monitoring of groundwater; (3) institutional controls on certain adjacent parcels of land; and (4) maintenance of Site security.

Under the proposed consent decree, the United States agrees to move the Court for leave to withdraw the consent

decree between the United States and Decker lodged with the Court on May 27, 1998. 63 FR 29752 (June 1, 1998). Also, under the proposed consent decree, the U.S. Environmental Protection Agency agrees to withdraw a unilateral administrative order issued to the City, Decker, Cooper and Corning on October 11, 1995, within fourteen days after entry of the proposed consent decree by the Court.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resource Division, United States Department of Justice, Washington, DC 20530, and should refer to *United States v. City of Albion, Michigan, et al.*, Civil No. 1:97-CV-1037 (W.D. Mich.), and DOJ Reference No. 90-11-2-1109. Commenters may request an opportunity for a public meeting in the affected area, in accordance with Section 7003(d) of RCRA, 42 U.S.C. § 6973(d).

The proposed consent decree may be examined at: (1) The Office of the United States Attorney for the Western District of Michigan, The Law Building, 330 Ionio Avenue, NW, 5th Floor, Grand Rapids, Michigan 49503, (616-456-2404); (2) the United States Environmental Protection Agency (Region 5), 77 West Jackson Boulevard, Chicago, Illinois 60604-3590 (contact Connie Puchalski (312-886-6719)); and (3) the U.S. Department of Justice, Environment and Natural Resources Division Consent Decree Library, 1120 G Street, NW., 3rd Floor, Washington, DC 20005 (202-624-0892). A copy of the proposed consent decree may be obtained in person or by mail from the Consent Decree Library, 1120 G Street, NW., 3rd Floor, Washington, DC 20005. In requesting a copy, please refer to the referenced case and DOJ Reference Number and enclose a check in the amount of \$22.50 for the consent decree only (90 pages at 25 cents per page reproduction costs), or \$408.50 for the consent decree and all appendices (1,634 pages), made payable to the Consent Decree Library.

Joel M. Gross,

Chief, Environmental Enforcement Section, Environment and Natural Resources Division. [FR Doc. 99-9967 Filed 4-20-99; 8:45 am]
