AGENCY: Environmental Protection Agency (EPA).

ACTION: Reopening of Public Comment Period on Proposed Rule.

SUMMARY: We are reopening the public comment period on the proposed rule for Wyoming: Final Authorization of State Hazardous Waste Management Program Revision published on February 25, 1999, which proposed to grant final authorization for the first revision to Wyoming’s Hazardous Waste Rules. Due to adverse comment received and the passage of Senate File 147 (SF 147), we are reevaluating the State’s program to ensure that it meets the requirements for authorization of a Resource Conservation and Recovery Act (RCRA) hazardous waste program.

DATES: Written comments on this proposed rule must be received on or before July 22, 1999. If there is sufficient public interest, a public hearing will be held no earlier than June 22, 1999. Requests to present testimony at a hearing must be received on or before June 7, 1999.

ADDRESSES: Send written comments and requests for public hearing to Kris Shurr (8P-HW), EPA, 999 18th Street, Suite 500, Denver, Colorado 80202-2466, phone number: (303) 312-6139. You can examine copies of the materials submitted by Wyoming at the following locations: EPA Region VIII, from 8:00 AM to 4:00 PM, at the above address, contact: Kris Shurr, phone number: (303) 312-6312; or Wyoming Department of Environmental Quality (WDEQ), from 8:00 AM to 5:00 PM, 122 W. 25th Street, Cheyenne, Wyoming 82002, contact: Marisa Latady, phone number: (307) 777-7541.

FOR FURTHER INFORMATION CONTACT: Kris Shurr at the above address and phone number.

SUPPLEMENTARY INFORMATION: We are reopening the public comment period for the proposed rule published at 46 FR 09295 on February 25, 1999, which proposed to grant final authorization for the first revision to Wyoming’s Hazardous Waste Rules. The previous public comment period for this proposed rule closed on March 29, 1999.

Due to the adverse comment received and the passage of SF 147, we are asking for additional comments. SF 147 modifies the corrective action requirements and provides for “innocent owner” exemptions from environmental liability. We are inviting the public to provide comments. In addition, if there is sufficient interest, we will hold a public hearing to accept verbal and/or written comments. Anyone wishing to present testimony must send us a request using the information provided in the **DATES** and **ADDRESSES** sections of this notice. All

comments and testimony will be addressed in a subsequent final action.

Dated: April 16, 1999.

National Priorities List for Uncontrolled Hazardous Waste Sites, Proposed Rule No. 28

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA” or “the Act”), requires that the National Oil and Hazardous Substances Pollution Contingency Plan (“NCP”) include a list of national priorities among the known releases or threatened releases of hazardous substances, pollutants, or contaminants throughout the United States. The National Priorities List (“NPL”) constitutes this list. The NPL is intended primarily to guide the Environmental Protection Agency (“EPA” or “the Agency”) in determining which sites warrant further investigation to assess the nature and extent of public health and environmental risks associated with the site and to determine what CERCLA-financed remedial action(s), if any, may be appropriate. This rule proposes to add 12 new sites to the NPL and repropose one already proposed site. All sites are being proposed to the General Superfund section of the NPL.

DATES: Comments regarding any of these proposed listings must be submitted (postmarked) on or before June 22, 1999.

ADDRESSES: By Postal Mail: Mail original and three copies of comments (no facsimiles or tapes) to Docket Coordinator, Headquarters; U.S. EPA; CERCLA Docket Office; (Mail Code 5201G); 401 M Street, SW; Washington, DC 20460; 703/603-9232.
