DEPARTMENT OF THE INTERIOR**National Park Service**

Supplementation of an Approved Plan of Operations for Western Geophysical 3-D Seismic Survey; Padre Island National Seashore, Kleberg County, TX

The National Park Service has received, from Western Geophysical, a request to supplement an approved Plan of Operations for conducting a 3-D seismic survey at Padre Island National Seashore, Kleberg County, Texas. Western Geophysical has acquired from the state a permit to conduct a geophysical seismic survey on four (4) additional state tracts (state tracts 180, 188, 193, and 194) located within the boundaries of Padre Island National Seashore. Impacts associated with the seismic survey have been mitigated and adequately addressed in the April 7, 1999 approved Plan of Operations and Environmental Assessment.

Pursuant to § 9.52(b) of Title 36 of the Code of Federal Regulations, part 9, subpart B; the Plan of Operations and Environmental Assessment are available for public review and comment for a period of 30 days from the publication date of this notice in the Office of the Superintendent, Padre Island National Seashore, 20301 Park Road 22, Corpus Christi, Texas.

Jock Whitworth,

Superintendent.

BILLING CODE 4310-70-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-406]

Certain Lens-Fitted Film Packages; Notice of Commission Determination to Review-in-Part a Final Initial Determination Finding a Violation of Section 337; Schedule for Written Submissions on Remedy, the Public Interest, and Bonding

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review-in-part the final initial determination (ID) issued by the presiding administrative law judge (ALJ) on February 24, 1999, finding a violation of section 337 of the Tariff Act of 1930, 19 U.S.C. § 1337, in the above-captioned investigation. Specifically, the Commission has determined to review the standard for the burden of proof applied in the ID for establishing repair versus reconstruction of a patented product and the ID's determination of no infringement of the design patents asserted in this investigation. The Commission has also determined to review the infringement issues insofar as necessary to correct certain clerical errors brought to the Commission's attention by the Office of Unfair Import Investigations.

FOR FURTHER INFORMATION CONTACT: Jean Jackson, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3104. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: This investigation was instituted on March 25, 1998, based on a complaint by Fuji Photo Film Co., Ltd. (Fuji) of Tokyo, Japan. 63 FR 14474. Fuji's complaint alleged unfair acts in violation of section 337 in the importation and sale of certain lens-fitted film packages (*i.e.*, disposable cameras). The complaint alleged that 27 respondents had infringed one or more claims of 15 patents held by complainant Fuji. On October 23, 1998, the Commission determined not to review two IDs finding a total of eight respondents, *viz.*, Boshi Technology Ltd., Fast Shot, Haichi International, Innovative Trading Company, Labelle Time, Inc., Linfa Photographic Ind. Co. Ltd., Forcecam, Inc. and Rino Trading Co. Ltd., in default for failure to respond to the complaint and notice of investigation. An evidentiary hearing was held November 2-13, 1998. Eight respondents participated in the hearing, Achiever Industries Limited, Argus Industries, China Film Equipment, Dynatec International Inc., Jazz Photo Corp., Opticolor Camera, P.S.I. Industries, and Sakar International, Inc. On December 4, 1998, the Commission determined not to review an ID granting complainant's oral motion to withdraw
