PDI Canada, Inc.; Notice of Amended Application for Commission Determination of Exempt Wholesale Generator Status

April 26, 1999.

Take notice that on April 23, 1999, PDI New England, Inc., d/b/a WPS New England Generation, Inc., a Wisconsin corporation with its headquarters at 677 Baeten Road, Green Bay, WI 54304, filed with the Federal Energy Regulatory Commission an amendment to its application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations.

PDI New England, Inc. is a wholly-owned subsidiary of WPS Power Development, Inc., which in turn is a wholly-owned, indirect subsidiary of WPS Resources Corporation, headquartered in Green Bay, Wisconsin. WPS Resources Corporation is an exempt public utility holding company. Its subsidiaries include Wisconsin Public Service Corporation, an electric and natural gas public utility serving portions of northeastern Wisconsin and the upper peninsula of Michigan. PDI New England, Inc. will be taking title to and operating certain assets located in Maine being divested by Maine Public Service Company (MPS). These assets include generating facilities with total capacity of approximately 36 MW and related assets located in northern Maine, and a 3.3455% interest in the Wyman No. 4 Unit, a generating facility in southern Maine.

The amendment to the application notes that the Maine Public Utilities Commission, by Order of April 5, 1999 in Docket 98-584, has determined that allowing PDI New England, Inc. to acquire the facilities to be transferred will benefit consumers, is in the public interest, and does not violate State law.

Any person desiring to be heard concerning the amended application for exempt wholesale generator status should file a motion to intervene or comments with the Federal Energy

Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the amended application. All such motions and comments should be filed on or before May 3, 1999, and must be served on the applicant. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection or on the internet at <http://www.ferc.fed.us/online/rims.htm> (please call (202) 208-2222 for assistance).
