I. Extension of Comment Period

In the **Federal Register** of February 9, 1999 (64 FR 6288), FDA published an ANPRM to propose amendments to the performance standard for sunlamp products. FDA received a request from an association of tanning facilities owners to extend the comment period an additional 90 days to allow adequate time to respond. In response to the letter, FDA is extending the comment period for 60 additional days.

II. Comments

Interested persons may, on or before July 9, 1999, submit to the Dockets Management Branch (address above) written comments regarding this ANPRM. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document.
