Title: Worksheet for Food Stamp Program Quality Control Reviews.

OMB Number: 0584-0074.

Form Number: FNS-380 (Was FCS-380).

Expiration Date: November 30, 1999.

Type of Request: Extension of a currently approved collection.

Abstract: The Form FNS-380 is a worksheet used in the Food Stamp Program to determine eligibility and benefits for households selected for review in the quality control sample of active cases. We estimate the reporting burden for this collection of information averages 9.00 hours per response. This includes the time for analyzing the household case record; planning and carrying out the field investigation; and gathering, comparing, analyzing and evaluating the review data. We estimate the recordkeeping burden associated with this information collection is 0.0236 hours per record. We previously cleared the reporting and recordkeeping burden for this form under Office of Management and Budget (OMB) clearance number 0584-0074. OMB approved the burden through 11/30/99. Based on the most recent information available, we estimate 55,844 FNS-380 worksheets will be completed annually. This is a 5,996 reduction from the previous estimate of responses and a represents a corresponding 54,105 hour reduction in the reporting and recordkeeping burden. The reduction in responses is a result of allowing States to reduce their sample sizes. We are requesting a three-year approval from OMB for this information collection.

Affected Public: Individuals or households; State or local governments.

Estimated Number of Respondents: 53 State agencies.

Estimated Total Number of Responses Per Year: 55,844 responses.

Estimated Time per Response for Information Collection: 9.0236 hours.

Total Annual Burden: 503,914 hours.

Dated: April 21, 1999.
