**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This notice proposes to modify the legal description of the Class D airspace at Cincinnati Municipal Airport Lunken Field, OH. The legal description for this airspace includes a reference to excluding that airspace within the Cincinnati/Northern Kentucky International Airport, KY, Class C airspace area. 1998, 63 FR 68675, and confirmation of effective date on April 12, 1999, 64 FR 17934). The reference to Class C airspace in the legal description for the Class D airspace at Cincinnati Municipal Airport Lunken Field will be invalid, and this action changes that reference to Class B airspace.

### The Proposal

The FAA is considering an amendment to 14 CFR part 71 to modify the legal description of the Class D airspace at Cincinnati, OH, by changing the reference to the Cincinnati/Northern Kentucky International Airport, KY, Class C airspace area to Class B. The area would be depicted on appropriate aeronautical charts. Class D airspace designations are published in paragraph 5000, of FAA Order 7400.9F dated September 10, 1998, and effective September 16, 1998, which is incorporated by reference in 14 CFR 71.1 The Class D airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an establishment body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
