Title: Proposed Section 73.1630 Blanketing Interference.

Form Number: N/A.

Type of Review: Extension of currently approved collection.

Respondents: Individual or households; Business of other for-profit entities; Not-for-profit institutions.

Number of Respondents: 21,000.

Estimated Time per Response: 1 to 2 hours.

Total Annual Burden: 41,000 hours

Total Annual Cost: None.

Needs and Uses: This rulemaking proceeding proposed to provide detailed clarification of the AM, FM, and TV licensee's responsibilities in resolving/eliminating blanketing interference caused by their individual stations. Under the current rules (section 73.88 (AM), section 73.318 (FM), section 73.685(d) (TV)), the licensee is financially responsible for resolving complaints of interference within one year of program test authority when certain conditions are met. After the first year, a licensee is only required to provide technical assistance in determining the cause of the interference. In this NPRM, we proposed to consolidate all blanketing interference rules under a new section 73.1630, Blanketing Interference. This new rule was designed to facilitate the resolution of broadcast interference problems and set forth all responsibilities of the licensee/permittee of a broadcast station.

For one year after the broadcast station commences program tests, the licensee is financially responsible for resolving blanketing interference complaints. After the first year, the licensee is obligated to provide technical assistance to resolve complaints of blanketing interference. The information provided to complainants will be used to facilitate the resolution of complaints of blanketing interference.

Federal Communications Commission.
