#### Notice of Intent To Request Renewal From the Office of Management and Budget (OMB) of Current Public Collections of Information

**AGENCY:** Federal Aviation Administration (FAA) DOT.

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), the FAA invites public comment on 7 currently approved public information collections which will be submitted to OMB for renewal.

**DATES:** Comments must be received on or before July 6, 1999.

**ADDRESSES:** Comments on any of these collections may be mailed or delivered to the FAA at the following address: Ms. Judith Street, Room 612, Federal Aviation Administration, Standards and Information Division, APF-100, 800 Independence Ave., SW., Washington, DC 20591.

**FOR FURTHER INFORMATION CONTACT:** Ms. Judith Street at the above address or on (202) 267-9895.

**SUPPLEMENTARY INFORMATION:** The FAA solicits comments on any of the current collections of information in order to evaluate the necessity of the collection, the accuracy of the agency's estimate of the burden, the quality, utility, and clarity of the information to be collected, and possible ways to minimize the burden of the collection.

Following are short synopses of the 7 currently approved public information collection activities, which will be submitted to OMB for review and renewal:

1. 2120-0008, Certification and Operations: Air Carriers and Operations of Large Aircraft—FAR 121. The respondents are an estimated 140 air carriers and commercial operators certificated under FAR 121. The estimated total annual burden is

850,000 hours annually. Abstract: Each operation which seeks to obtain, or is in possession of an air carrier operating certificate must comply with the requirements of FAR Part 121 in order to maintain data which is used to determine if the air carrier is operating in accordance with minimum safety standards.

2. 2120-505, Indirect Air Carrier Security, 14 CFR Part 109. The respondents are an estimated 2500 indirect air carriers with security programs. The estimated total annual burden is 650 hours. Abstract: part 109 sets forth procedures to be used by indirect air carriers in carrying out their responsibilities involving the protection of persons and property against acts of criminal violence, aircraft piracy, and terrorist activities in the forwarding of package cargo by passenger aircraft.

3. 2120-0536, Security Programs for Foreign Air Carriers. The respondents are an estimated 170 foreign air carriers/governments. The estimated total annual burden is 28,000 hours. Abstract: Each foreign air carrier landing or taking off in the United States is to submit a security program for the Administrator's acceptance to ensure adequate security measures are being implemented by those foreign air carriers.

4. 2120-0587, Aviator Safety Studies. The respondents are an estimated 4000 certified pilots. The burden is an estimated total of 8000 hours. Abstract: In order to conduct effective research on the contribution of pilots to aircraft accidents, data are required on the normative distribution of various pilot attributes and their association with accident involvement.

5. 2120-0597, Application for Employment with the Federal Aviation Administration. The respondents are an estimated 75,000 people who may apply for employment with the Federal Aviation Administration. The estimated burden hours is 75,000 hours annually. Abstract: Under the provisions of Pub. L. 104-50, the FAA has been given the authority to develop and implement its own personnel system. This application will be used in our efforts to automate and centralize the application, evaluation and referral of applicants for employment.

6. 2120-0600, Training and Qualification Requirements for Check Airmen and Flight Instructors. The respondents are an estimated 3000 experienced pilots who would otherwise qualify as flight instructors or check airmen, but who are not medically eligible to hold the requisite medical certificate to perform flight instructor or check airmen functions in a simulator. The estimated annual

burden is 15 hours. Abstract: This rule established separate requirements for check airmen who check only in flight simulators and flight instructors who instruct only in flight simulators. This information will be used by the FAA to determine and assure check airmen and instructors maintain the high qualification standards required to perform their safety functions.

7. 2120-0601, Financial Responsibility for Licensed Launch Activities. Respondents are an estimated 7 licensees authorized to conduct licensed launch activities. The estimated annual burden is 1800 hours. Abstract: The required information will be used to determine if licensees have complied with financial responsibility requirements, including maximum probable loss determination, as set forth in regulations and in license orders issued by the Office of the Associate Administrator for Commercial Space Transportation.

Issued in Washington, DC, on May 3, 1999.
