

significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979).

The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. This proposal merely redefines the regulated area of an existing regulation and does not impose any new restrictions on vessel traffic.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard considers whether this proposed rule, if adopted, will have a significant economic impact on a substantial number of small entities. "Small Entities" include small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

Because this proposal merely redefines the regulated area of an existing regulation and does not impose any new restrictions on vessel traffic, the Coast Guard expects the impact of this proposal to be minimal.

Therefore, the Coast Guard certifies under 5 U.S.C. 605(b), that this proposed rule, if adopted, will not have a significant economic impact on a substantial number of small entities. If, however, you think that your business or organization qualifies as a small entity and that this proposed rule will have a significant economic impact on your business or organization, please submit a comment (see ADDRESSES) explaining why you think it qualifies and in what way and to what degree this proposal will economically affect it.

Assistance for Small Entities

In accordance with section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), the Coast Guard wants to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking process. If your small business or organization is affected by this rule and you have questions concerning its provisions or options for compliance, please contact S.L. Phillips, Project Manager, Operations Division, Auxiliary Section, at (757) 398-6204.

Unfunded Mandates

Under section 201 of the Unfunded Mandates Reform Act (UMRA) (2 U.S.C. 1531), the Coast Guard assessed the

effects of this proposal on State, local and tribal governments, in the aggregate, and the private sector. The Coast Guard determined that this regulatory action requires no written statement under section 202 of the UMRA (2 U.S.C. 1531) because it will not result in the expenditure of \$100,000,000 in any one year by State, local and tribal governments, in the aggregate, or the private sector.

Collection of Information

This proposal does not provide for a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

The Coast Guard has analyzed this proposal under the principles and criteria contained in Executive Order 12612 and has determined that this proposal does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environment

The Coast Guard considered the environmental impact of this proposal and concluded that, under figure 2-1, paragraph (34)(h) of Commandant Instruction M16475.1C, this proposal is categorically excluded from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine parade are excluded under that authority.

33 CFR Part 100

[CGD07-99-019]

RIN 2115-AE46

Special Local Regulations; Charleston Harbor Grand Prix, Charleston, SC

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish temporary special local regulations in the coastal waters off Isle of Palms, SC, for the Charleston Harbor Grand Prix, sponsored by Charleston Harbor Maritime Associates, LLC. The two day race will occur on August 14 and 15, 1999, between the hours of 12 p.m. and 3 p.m. each day, Eastern Daylight time (EDT) offshore Isle of Palms. The regulations are necessary to provide for the safety of life on navigable waters during the event.

DATES: Comments must be received on or before July 9, 1999.

ADDRESSES: Comments may be mailed to Commander, U.S. Coast Guard Group Charleston, 196 Tradd Street, Charleston, SC 29401, or may be delivered to the Operations Office at the same address between 7:30 a.m. and 3:30 p.m. Monday through Friday, except federal holidays. The telephone number is (843) 724-7628.

FOR FURTHER INFORMATION CONTACT: LTJG S.S. Brisco, (843) 724-7628, Project Manager, Coast Guard Group Charleston, SC.

SUPPLEMENTARY INFORMATION:

Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, or arguments. Persons submitting comments should include their name and address, identify this rulemaking (GGD07-99-019) and the specific section of this proposal to which each

comment applies, and give a reason for each comment.

The Coast Guard will consider all comments received during the comment period. It may change this proposal in the view of the comments. The Coast Guard plans no public hearing. Persons may request a public hearing by writing to the address under **ADDRESSES**. The request should include the reasons why a hearing would be beneficial. If the Coast Guard determines that the opportunity for oral presentation will aid this rulemaking, it will hold a public hearing at the time and place announced by a notice in the **Federal Register**.

Background and Purpose

The proposed regulations are needed to provide for the safety of life during the Charleston Harbor Grand Prix. These proposed regulations are intended to promote safe navigation offshore Isle of Palms immediately before, during, and after the races by controlling the traffic entering, exiting, and transiting within the regulated area. The anticipated concentration of spectator vessels and participating vessels associated with the race poses a safety concern, which is addressed in these proposed special local regulations.

The proposed regulations will encompass an area north of the Charleston Harbor entrance lighted buoy 7 (LLNR 2405) with four (4) conspicuous markers indicating the corners of the regulated area. These proposed regulations would prohibit the entry or movement of spectator vessels and other non-participating vessel traffic within the regulated area on August 14 and 15, 1999, between 11 a.m. and 4 p.m. each day or at the discretion of the Coast Guard Patrol Commander.

Regulatory Evaluation

This proposal is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of the order. The Office of Management and Budget has exempted it from review under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary. The proposed regulation will only be in

effect for five (5) hours each day in a limited area off Charleston Harbor.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposal will have a significant economic impact on a substantial number of small entities. "Small Entities" include small business, not-for-profit organizations that are independently owned and operated and are not dominant in their field, and governmental jurisdictions with populations of less than 50,000.

Therefore, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule, if adopted, will not have a significant effect upon a substantial number of small entities because this regulation will only be in effect in a limited area off Charleston Harbor for five (5) hours on two separate days.

If, however, you think that your business or organization qualifies as a small entity and that this proposed rule will have a significant economic impact on your business or organization, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and in what way and to what degree this proposed rule will economically affect it.

Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612 and it has been determined that the rulemaking does not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this action and has determined under Figure 2-1, paragraph 34(h) of Commandant Instruction M16475.1C, that this proposed rule is categorically excluded from further environmental documentation.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways. Proposed Regulations: In consideration of the foregoing, the Coast Guard proposes to amend Part 100 of Title 33, Code of Federal Regulations, as follows:
