SUPPLEMENTARY INFORMATION:

Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's regulations are to the current regulations as codified at 19 CFR 351 (1998).

Background

On September 29, 1998 (63 FR 51893), the Department initiated an administrative review of the antidumping finding on titanium sponge from Kazakhstan, covering the period August 1, 1997, through July 31, 1998. In our notice of initiation, we stated our intention to issue the final results of these reviews no later than August 31, 1999.

Postponement of Preliminary Results of Review

Section 751(a)(3)(A) of the Act requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the foregoing time, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allows the Department to extend the time for making a preliminary and final determination to a maximum of 365 days and 180 days, respectively.

Due to the complexity of the legal and methodological issues presented by this review, the Department has determined that it is not practicable to complete the preliminary determination on this review within the time limit mandated by the Act (See Titanium Sponge from the Republic of Kazakhstan (A-834-803); Extension of Preliminary Results Review, dated April 29, 1999). Therefore, the Department is extending the deadline for issuing the preliminary results of this review until no later than August 31, 1999. The deadline for issuing the final results of this review

will be no later than 120 days from the publication of the preliminary results.

This extension is in accordance with section 751(a)(3)(A) of the Act (19 U.S.C. 1675 (a)(3)(A)).

Dated: April 30, 1999.

Deputy Assistant Secretary for Import Administration

SUBJECT: American Meteorological Society's Industry, Government Scholarship, and Fellowship Program.

AGENCY: National Weather Service (NWS), Commerce.

ACTION: Notice.

SUMMARY: The NWS issues this notice to announce its intention to continue funding without competition a graduate fellowship through the American Meteorological Society's (AMS) Industry/Government Scholarship and Fellowship Program, unless qualification statements are submitted as a result of this notice. The recipient of the fellowship award chosen by the AMS will receive \$15,000 toward the cost of the first year graduate study in the atmospheric, oceanic, or hydrologic sciences.

FOR FURTHER INFORMATION CONTACT: Allan C. Eustis, Chief, NWS Office of Industrial Meteorology, Room 17146, 1325 East West Highway, Silver Spring, Maryland 20910. Telephone 301-713-0258.

SUPPLEMENTARY INFORMATION: The AMS is the only known national scientific professional society which coordinates and manages a unique graduate fellowship program designed solely to recruit young people entering their first year of graduate study in the fields of atmospheric, oceanic, or hydrologic sciences. Administration costs of the

program are funded by the AMS. Participating universities provide the fellowship awardees with a tuition waiver. The recipient can apply the entire amount to the cost of the first year of graduate study. Ultimately, the awardee has the opportunity to make significant contributions to the atmospheric, oceanic, and hydrologic sciences sooner than if the fellowship awards were not available.

Subject to the availability of fiscal year 1999 funds, the NWS intends to support a single awardee beginning with the 1999 academic year.
