SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action are those which request or receive Agency information, products or services, or participate in Agency processes.

Title: Information Collection Request for Customer Satisfaction Surveys, OMB Control Number 2090-0019, EPA ICR Number 1711.02, expiring 10/31/99.

Abstract: Voluntary customer surveys will involve individuals who experience

EPA services directly. The EPA will use all available feedback gathering mechanisms to determine the level of customer satisfaction with attributes of its services. The EPA will use information obtained to assist in evaluating and improving service delivery and processes. The Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The EPA encourages comments to evaluate or suggest: whether the proposed collection of information is necessary for the proper performance of the functions of the Agency; the accuracy of the Agency's burden estimate and the validity of the methodology and assumptions used; how to enhance the quality, utility, and clarity of the information to be collected; and how to minimize the burden of the collection of information on those who are to respond, including appropriate applications of information technology.

Burden: The average estimated respondent burden is 14.4 minutes. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency, including the time needed to: review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Time is the only direct respondent cost. Respondent cost was calculated using \$550.00 as the median for a middle income family weekly earnings for wage and salary workers. The EPA estimates the following for the year 2000-2002:

| Year | Respondents | Burden hours | Respondent cost |
|------------|-------------|--------------|-----------------|
| 2000 | 97,900 | 31,500 | \$433,125 |
| 2001 | 89,900 | 17,600 | 242,000 |
| 2002 | 95,400 | 18,600 | 255,750 |
