

should include a brief description of the nature and scope of each company's U.S. business(es), including the four-digit Standard Industrial Classification (SIC) code(s) of the U.S. activities of the company and of its direct parent, and a statement of total assets and total revenue of the direct parent. The foreign banking organization is not required to report information whose collection would cause the FBO to incur "unreasonable effort or expense," or information that is otherwise "unknown and not reasonably available."

Current Actions: In December 1997, the Board proposed changes to Regulation K to require the information reported in the FR 4002 annually instead of quarterly (62 FR 68424). If the Board implements these proposed changes, the information collected on the FR 4002 will be reflected annually in the FR Y-7 and FR Y-7A, eliminating the need for this separate information collection. The FR 4002 will be discontinued if these proposed changes to Regulation K are adopted upon publication of the final rulemaking. The Federal Reserve received two public comment letters pertaining to the proposed revisions from a law firm and a trade association. Both organizations strongly supported the Federal Reserve's proposal.

Board of Governors of the Federal Reserve System, May 5, 1999.

Jennifer J. Johnson,

Secretary of the Board.
