

Sea Bright, upstream to the Swimming River Reservoir dam. The Navesink River has been identified as a waterbody of national significance and is part of the New York-New Jersey Harbor Estuary Program. The proposed No Discharge Area (NDA) would include all tidal waters of the Navesink River which extend from the Shrewsbury River, near Sea Bright, upstream to the Swimming River Reservoir dam. The eastern boundary of the NDA is a line from Lat./Long. 73°58'45", 40°22'40" to Lat./Long. 73°58'58", 40°23'04". The western boundary of the NDA is at Lat./Long. 74°06'48", 40°19'12".

Information submitted by the State of New Jersey and the Navesink Regional Environmental Planning Council states that there are five existing pump-out facilities available to service vessels which use the Navesink River. Sea Land Marina, located at 261 West Front Street, Red Bank, operates a portable pumpout. The pumpout is available from 7:00 a.m. to 5:00 p.m. beginning April 15 until October 15 and is operated by the marina staff. A \$5.00 fee is charged for the use of the pumpout. Irwin's Boat Works, located at 1 Marine Park, Red Bank, operates a stationary pumpout. The pumpout is available from 8:00 a.m. to 5:00 p.m. beginning May until October 31 and is operated by the marina staff. A fee of \$5.00 is charged for the use of the pumpout. Red Bank Municipal Basin, located at Marine Park, Red Bank, operates a stationery pumpout. The pumpout is available 24 hours a day year round and is self-operated. No fee is charged for use of the pumpout. Fair Haven Yacht Works, located at 75 DeNormandie Avenue, Fair Haven, operates a portable pumpout. The pumpout is available from 8:00 a.m. to 5:00 p.m. and is operated by the marina staff. A \$5.00 fee is charged for the use of the pumpout. Molly Pitcher Inn and Marina, located at 88 Riverside Avenue, Red Bank, operates a stationary pumpout. The pumpout is available upon request for customers of the marina. One facility, Sea Land Marina, located in Red Bank has a restriction which would exclude boats greater than 26 feet in length. This restriction impacts approximately 18% of the vessel fleet and there are three facilities available for their needs.

Vessel waste generated from the pump-out facilities within the proposed NDA is discharged into municipal sewer lines and is conveyed to the Northeast Monmouth Regional Sewage Authority (NJPDES Permit No. NJ0024520) at 1 Highland Avenue in Monmouth Beach for treatment.

According to the State's petition, the maximum daily vessel population for

the waters of Navesink River is approximately 1,122 vessels. This estimate is based on (1) vessels docked at marinas and yacht clubs (866 vessels), (2) vessels docked at non-marina facilities (227 vessels) and (3) transient vessels (29 vessels). The vessel population based on length is 915 vessels less than 26 feet in length, 193 vessels between 26 feet and 40 feet in length and 14 vessels greater than 40 feet in length. Based on number and size of boats, and using various methods to estimate the number of holding tanks, it is estimated that one pumpout is needed for the Navesink River. As previously stated, five pumpout facilities are currently available to service the boating population. Additionally, four marinas have applied for pumpout grants to install a total of five new pumpouts.

The EPA hereby makes a tentative affirmative determination that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the Navesink River in the county of Monmouth, New Jersey. A final determination on this matter will be made following the 30-day period for public comment and will result in a New Jersey State prohibition of any sewage discharges from vessels in Navesink River.

Comments and views regarding this petition and EPA's tentative determination may be filed on or before June 11, 1999. Comments or requests for information or copies of the applicant's petition should be addressed to Walter E. Andrews, U.S. Environmental Protection Agency, Region II, Water Programs Branch, 290 Broadway, 24th Floor, New York, New York 10007-1866. Telephone: (212) 637-3880.

## FEDERAL MARITIME COMMISSION

[Petition P3-99]

### Petition of China Ocean Shipping (Group) Company for a Partial Exemption From the Controlled Carrier Act; Extension of Time

On April 8, 1999, the Commission published notice of the filing of a petition by China Ocean Shipping Company (COSCO) seeking a partial exemption from the controlled carrier provisions of the Shipping Act of 1984, as amended. (64 FR 17181) Replies to the COSCO petition are due on May 7, 1999. Sea-Land Service, Inc. and American President Lines, Ltd., seek a 90-day extension of the comment period. COSCO opposes the requested extension.

Due to the press of other business, there will be some delay before the Commission considers the petition; thus, there appears to be no valid reason to deny a reasonable extension. Accordingly, the date set for replies to

this proceeding is extended to July 6, 1999.

Replies shall consist of an original and 15 copies, be directed to the Secretary, Federal Maritime Commission, Washington, D.C. 20573-0001, and be served on counsel for Petitioner, Richard D. Gluck, Esq., Garvey, Schubert & Barer, 1000 Potomac Street, N.W., Washington, D.C. 20007.

Copies of the petition are available for examination at the Washington, D.C. office of the Secretary of the Commission, 800 North Capitol Street, N.W., Room 1046.
