Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Assessment of the National Leadership Institute Program and Services—New

The Substance Abuse and Mental Health Administration's (SAMHSA) Center for Substance Abuse Treatment (CSAT) intends to conduct an assessment of its National Leadership Institute (NLI). The goal underlying the technical assistance and training opportunities provided through the NLI is to strengthen the competitive position and power of nonprofit community-based organizations (CBOs) which are essential components of local substance abuse services for the uninsured and under-insured.

The NLI gathers, adapts, and disseminates the best available knowledge about business management for nonprofit agencies, including competitive bidding, strategic development and business planning, cultural competency, team building and change management, and Management Information Systems. Participants in the NLI technical assistance programs are self-identified and participate in either short- or long-term technical assistance (TA). Short-term TA includes two on-site TA visits, one training event, one group technical assistance activity, and up to five resource packages. Long-term TA includes up to four on-site TA visits, up to three training events, two group TA activities, and up to 10 resource packages. Training efforts are also conducted by the NLI, using curricula developed by and administered by the NLI.

Both a process and an impact assessment will be conducted. The process assessment will describe the needs faced by CBOs, the types of training and technical assistance that CBOs receive through the NLI, and CBO satisfaction with services. The impact assessment will focus on specific changes made by CBOs in response to NLI recommendations, and
