

Burden Hours: 2,250

Abstract: This data collection is the basis of the GAANN Program Assessment, which will report on the status and accomplishments of the GAANN program as a whole. Results will be reported to the GAANN community and program staff and to the Secretary in order to respond to Government Performance and Results Act (GPRA) requirements.

The GPRA requires the Department to measure the outcomes of its programs, compare them to what was planned, and report on the results attained.

Original Volume No. 1 of Pine Needle's FERC Gas Tariff to become effective May 29, 1999:

Substitute Original Sheet No. 40
Substitute Original Sheet No. 90
Original Sheet No. 91

Pine Needle states that it has served copies of this filing to its affected customers, state commissions and other interested parties.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. 385.211 or 385.214). All such motions to intervene or protest should be filed on or before May 24, 1999. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

David P. Boergers,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP99-449-000]

Tennessee Gas Pipeline Company; Notice of Application to Abandon

May 7, 1999.

Take notice that on May 3, 1999, Tennessee Gas Pipeline Company (Tennessee), P.O. Box 2511, Houston, Texas 77252, filed under Section 7(b) of the Natural Gas Act, for authority to abandon, ownership interests in a segment of offshore pipeline designated as Line 823X-1000 along with associated riser and platform piping located in West Cameron Block 609B, Offshore Louisiana. This application is on file with the Commission and open to public inspection. The application may also be viewed on the web at www.ferc.fed.us. Call (202) 208-2222 for assistance.

Specifically, Tennessee proposes to abandon its 16.66% ownership interest in 1,200 feet of 12-inch pipeline

connecting Platform B of West Cameron Block 609 to an underwater tap in W.C. Block 617. Natural gas was transported through this pipeline for ultimate delivery onshore. Newfield Exploration (Newfield), the producer who owns the platform to which Line 823X-100 is connected, has advised Tennessee and Columbia Gulf Transmission Company (Columbia Gulf), the other holder of interest in the facilities, that it intends to abandon and remove the platform sometime before June 1999. Both Tennessee and Columbia Gulf have agreed to transfer their interest in the measuring equipment and risers located on the platform to Newfield. Newfield will then remove these facilities with the platform.

Any person desiring to be heard or make any protest with reference to said application should on or before May 14, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required, or if the Commission on its own review of the matter finds that permission and approval of the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be
