ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 300

[FRL–6342–5]

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Deletion of Yellow Water Road Dump Superfund Site from the National Priorities List (NPL).

SUMMARY: The Environmental Protection Agency (EPA) Region 4 announces the deletion of the Yellow Water Road Dump from the National Priorities List (NPL). The NPL constitutes Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended. EPA and the Florida Department of Environmental Protection (FDEP) have determined that the Site poses no significant threat to public health or the environment and, therefore, further remedial measures pursuant to CERCLA are not appropriate.

EFFECTIVE DATE: May 18, 1999.

ADDRESSES: Comprehensive information on this Site is available through the EPA Region 4 public docket, which is available for viewing at the information repositories at the following two locations:

Record Center, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, Atlanta, Georgia 30303, Telephone No.: (404) 562–9530; Hours: 8:00 a.m. to 4:00 p.m., Monday through Friday—by appointment only.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: The Environmental Protection Agency (EPA) Region 4 announces the deletion of the Yellow Water Road Dump Site, Duval County, Florida from the National Priorities List (NPL), Appendix B of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), 40 CFR part 300. EPA identifies sites that appear to present a significant risk to

public health, welfare, or the environment and maintains the NPL as the list of these sites. Sites on the NPL may be the subject of remedial actions financed by the Hazardous Substances Superfund Response Trust Fund. As described in § 300.425(e)(3) of the NCP, sites deleted from the NPL remain eligible for remedial actions in the unlikely event that conditions at the Site warrant such action. EPA published a Notice of Intent to Delete the Yellow Water Road Dump Site from the NPL on December 23, 1998 in the **Federal Register** (63 FR 71052–71054). EPA received no comments on the proposed deletion; therefore, no responsiveness summary is necessary for attachment to this Notice of Deletion. Deletion of a site from the NPL does not affect the responsible party liability or impede agency efforts to recover costs associated with response efforts.
