Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: Rural Housing Service, USDA.

ACTION: Proposed collection; comments requested.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Housing Service's intention to request an extension for a currently approved information collection in support of the program for the Housing Preservation Grant Program.

DATES: Comments on this notice must be received by July 26, 1999 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: Tracee L. Lilly, Senior Loan Specialist, RHS, U.S. Department of Agriculture, Stop 0781, Washington, D.C. 20250, Telephone (202)720-1604.

SUPPLEMENTARY INFORMATION:

Title: RHS/Housing Preservation Grant Program.

OMB Number: 0575-0115.

Expiration Date of Approval: September 30, 1999.

Type of Request: Extension of a currently approved information collection.

Abstract: The primary purpose of the Housing Preservation Grant Program is to repair or rehabilitate individual housing, rental properties, or co-ops owned or occupied by very low- and low-income rural persons. Grantees will provide eligible homeowners, owners of rental properties and owners of co-ops with financial assistance through loans, grants, interest reduction payments or other comparable financial assistance for necessary repairs and rehabilitation of dwellings to bring them up to code or minimum property standards. Where repair and rehabilitation assistance is not economically feasible or practical the replacement of existing, individual owner occupied housing is available.

These grants were established by Public Law 98-181, the Housing Urban-Rural Recovery Act of 1983, which amended the Housing Act of 1979 (Pub. L. 93-383) by adding section 533, 42 U.S.C. S 2490(m), Housing Preservation Grants (HPG). In addition, the Secretary of Agriculture has authority to prescribe rules and regulations to implement HPG and other programs under 42 U.S.C. S 1480(j).

Section 533(d) is prescriptive about the information applicants are to submit to RHS as part of their application and in the assessments and criteria RHS is to use in selecting grantees. An applicant is to submit a "statement of activity" describing its proposed program, including the specific activities it will undertake, and its schedule. RHS is required in turn to evaluate proposals on a set of prescribed criteria, for which the applicant will also have to provide information, such as: (1) very low- and low-income persons proposed to be served by the repair and rehabilitation activities; (2) participation by other public and private organizations to leverage funds and lower the cost to the HPG program; (3) the area to be served in terms of population and need; (4) cost data to assure greatest degree of assistance at lowest cost; (5) administrative capacity of the applicant to carry out the program. The information collected will be the minimum required by law and by necessity for RHS to assure that it funds responsible grantees proposing feasible projects in areas of greatest need. Most data are taken from a localized area, although some are derived from census

reports of city, county and Federal governments showing population and housing characteristics.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .96 hour per response.

Respondents: A public body or a public or private nonprofit corporation.

Estimated Number of Respondents: 1,850.

Estimated Number of Responses per Respondent: 6.5.

Estimated Total Annual Burden on Respondents: 11,614 hours.
