DEPARTMENT OF STATE

[Public Notice 3052]

Bureau for International Narcotics and Law Enforcement Affairs; Anti-Domestic Violence and Trafficking in Women and Children; Training and Technical Assistance Program

AGENCY: Office of Europe, NIS, and Training; Bureau for International Narcotics and Law Enforcement Affairs, State.

ACTION: Notice.

SUMMARY: State Department's Bureau for International Narcotics and Law Enforcement Affairs (INL) began an anti-domestic violence and trafficking in women and children program in 1997 to provide training and technical assistance in consultation with counterparts in Russia and the New Independent States (NIS). The goal of the program is to increase professionalism and improve the technical capabilities of law enforcement institutions to develop prevention and early intervention strategies to combat domestic violence and trafficking in women and children while protecting the human rights of victims.

This program includes the participation of non-Federal agencies (e.g., universities, state/local government agencies, private non-profit organizations, etc.) in the delivery of law enforcement training and technical assistance to Russia, and the NIS. This non-Federal component of the INL program has a timeframe of 1999-2001.

DATES: Full proposals must be received at INL no later than 30 days following the announcement date. We anticipate that review of full proposals will occur during July 1999 and funding should begin during September. September 27, 1999 should be used as the proposed start date on proposals, unless otherwise directed by the Grants Officer. All proposals must be submitted in accordance with the guidelines below. Failure to heed these guidelines may result in proposals being returned without review.

ADDRESSES: *Submit proposals to:* Linda Gower, U.S. Department of State, Bureau of International Narcotics and Law Enforcement Affairs, 2430 E Street, N.W., Washington, D.C. 20520, TEL: 202-776-8774.

SUPPLEMENTARY INFORMATION:

Funding Availability

This Program Announcement is for projects to be conducted by agencies/programs outside the Federal government, over a period of up to two years. Current plans are for up to a total of \$2.8 million to be available for new (or renewing) INL awards. The funding instrument for awards will be a grant. Funding for non-U.S. institutions and contractual arrangements for services and products for delivery to INL are not available under this announcement. Matching share, though encouraged, is not required by this program.

Program Authority

Authority: Section 635(b) of the Foreign Assistance Act, as amended.

Program Objectives

One of the goals of the INL program is to institute democratic practices by increasing the technical capabilities of foreign country law enforcement institutions.

The INL program has been designed to generate assistance to foreign governments which will complement the training and assistance provided by Federal agencies on a range of crime issues. All training and assistance of the INL anti-domestic violence and trafficking in women and children program should be focused on city or local police forces, the procuracy and advocacy/non-governmental organizations (NGOs).

Program Priorities

The FY 1999 INL Program Announcement invites training and technical assistance program proposals for Russia and the Newly Independent States in the following areas:

- (1) Domestic Violence; and
- (2) Trafficking in Women and Children.

All training conducted under this program must utilize a multi-disciplinary training format that encourages law enforcement cooperation with prosecutors, judges, social workers, medical personnel, psychologists, crisis centers and other relevant NGOs. This training format should address the elements of "prevention," "enforcement and prosecution," and "protection/assistance for victims".

As much as possible, training programs should also have a regional focus targeting cities where there are crisis centers and other relevant NGOs.

Any grant applicants who will be working with Russian and NIS crisis centers or other relevant foreign NGOs to implement the proposed training program may sub-grant or sub-contract services and provide equipment and supplies to assist in fulfilling program objectives.

Government Involvement

The Department of State will exercise normal federal stewardship responsibilities during the implementation of programs.

Department of State involvement will include, but is not limited to: site visits, review and response to performance, technical or subject matter, review of financial reports, and audit of programs to ensure that the objectives, terms, and conditions of a grant award are

accomplished. Grant recipients will also be required to provide information to the Department of State on proposed meetings, trainees or organizations intended to receive technical assistance. The Department of State has the right to approve or deny any such meetings, trainees or organizations.

Eligibility

Eligibility is limited to non-Federal agencies and organizations, and is encouraged with the objective of developing a strong partnership with the state/local law enforcement community. Non-law enforcement proposers are urged to seek collaboration with state/local law enforcement institutions, crisis centers and other relevant NGOs. Experience of U.S. trainers related to combating domestic violence and/or trafficking in women and children is required. State and local governments, universities, and non-profit organizations are included among entities eligible for funding under this announcement. Direct funding for non-U.S. institutions is not available under this announcement.

Evaluation Criteria

Consideration for financial assistance will be given to those proposals which address one or both of the program priorities identified above and meet the following evaluation criteria:

- (1) *Relevance (20%)*: Importance and relevance to the goal and objectives of the INL Anti-Domestic Violence and Trafficking in Women and Children program.
- (2) *Methodology (25%)*: Adequacy of the proposed approach and activities, including development of relevant training curricula, training methods proposed, project evaluation methodology, project milestones, and final products.
- (3) *Readiness (25%)*: Relevant history and experience in conducting training/technical assistance in the program priority areas identified above, strength of proposed training/technical assistance, past performance record of proposers.
- (4) *Linkages (15%)*: Connections to existing law enforcement agencies and NGOs in Russia and the NIS, in addition to previous training or related assistance experience in these countries.
- (5) *Costs (15%)*: Adequacy/efficiency of the proposed resources; appropriate share of total available resources; prospects for joint funding.

Selection Procedures

All proposals will be evaluated and ranked in accordance with the assigned weights of the above evaluation criteria

by independent peer panel review composed of INL and other Federal USG agency experts. Their recommendations and evaluations will be considered by INL in final selections. Those ranked by the panel and program as not recommended for funding will not be given further consideration and will be notified of non-selection. For the proposals rated for possible funding, the program managers will: (a) ascertain which proposals meet the objectives, fit the criteria posted, and do not duplicate other projects that are currently funded by INL, other USG agencies or foreign governments, or international organizations (note: proposals or elements that duplicate existing activities of USG agencies will not receive awards. end note); (b) select the proposals to be funded; (c) determine the total duration of funding for each proposal; and (d) determine the amount of funds available for each proposal.

Unsatisfactory performance by a recipient under prior Federal awards may result in an application not being considered for funding.

Proposal Submission

The guidelines for proposal preparation provided below are mandatory. Failure to heed these guidelines may result in proposals being returned without review.

(a) Full Proposals

(1) Proposals submitted to INL must include the original and three unbound copies of the proposal. (2) Proposals must be limited to 30 pages (numbered), including budget, personnel vitae, and all appendices, and should be limited to funding requests for one to two year duration.
