

Substances. The last meeting of the NOSB was held February 9–11, 1999, in Washington, DC.

The Department of Agriculture (USDA) published its proposed rule for the NOP in the **Federal Register** on December 16, 1997 (62 FR 65849). A notice extending the comment period on the proposed rule was published in the **Federal Register** on February 9, 1998 (63 FR 6498–6499). The comment period was extended until April 30, 1998. On October 28, 1998, three issue papers for which public comment was requested by USDA were published in the **Federal Register** (63 FR 57624–57626). These papers addressed certain issues raised during the NOP's proposed rule's comment period. The issue papers were: Issue Paper 1—Livestock Confinement in Organic Production Systems; Issue Paper 2—The Use of Antibiotics and Parasiticides in Organic Livestock Production; and Issue Paper 3—Termination of Certification by Private Certifiers. Comments received on these papers are being considered during the development of a revised NOP proposed rule. The comment period for the issue papers closed December 14, 1998.

PURPOSE AND AGENDA: The principal purpose of this meeting is to provide an opportunity for NOSB to receive committee reports from its standing and ad hoc committees and address issues that arose from the February 1999 NOSB meeting. These issues include, wild caught salmon, the NOP recommendations on manure use in vegetable production, a mock materials review, and enforcement criteria. At the meeting the Agency will give a status report on the proposed rule, report on the 27th Codex Committee meeting on Food Labeling, and report on other trade related issues. Copies of the NOSB meeting agenda can be requested from Karen Thomas, Room 2510-South Building, U.S. Department of Agriculture, AMS, Transportation and Marketing, National Organic Program, P.O. Box 96456, Washington, DC 20090–6456, or by phone at (202) 690–3655, or by accessing the NOP website at <http://www.ams.usda.gov/nop>.

TYPE OF MEETING: All meetings will be open to the public. NOSB has scheduled time for public input on Tuesday, June 8, 1999, from 1:30 p.m. until 5:00 p.m. in Room 3109–S. Individuals and organizations wishing to make an oral presentation at the meeting should forward their request to Ms. Thomas at the above address, or by FAX to (202) 205–7808, by the close of business June 4, 1999. While persons wishing to make a presentation may sign up at the door,

advance registration will ensure an opportunity to speak during the allotted time period, and will help the NOSB to better manage the meeting and accomplish its agenda. Individuals or organizations will be given approximately 5 minutes to present their views. All persons making an oral presentation are requested to provide their comments in writing, if possible. Written submissions may supplement any oral presentation that is made at the meeting. Attendees who do not wish to make an oral presentation are invited to submit written comments to the NOSB at the meeting, or to Ms. Thomas after the meeting at the above address. All persons submitting written comments should provide 20 copies.

Dated: May 21, 1999.

Eileen S. Stommes,

Deputy Administrator, Transportation and Marketing.

Natural Resources Conservation Service

Proposed Changes to Section IV of the Field Office Technical Guide (FOTG) of the Natural Resources Conservation Service in Idaho

AGENCY: Natural Resources Conservation Service (NRCS) in Idaho, U.S. Department of Agriculture.

ACTION: Notice of availability of a proposed change in Section IV of the FOTG of the NRCS in Idaho for review and comment.

SUMMARY: It is the intention of NRCS in Idaho to issue six revised conservation practices in Section IV of the FOTG that may be used in conservation systems that treat highly erodible land and one that may be used in any conservation system. The revised standards are Conservation Crop Rotation (Code 328); Residue Management No Till/Strip Till (Code 329A); Residue Management Mulch Till (Code 329B); Residue Management Ridge Till (Code 329C); Residue Management Seasonal (Code 344); Chiseling and Subsoiling (Code 324); Contour Farming (Code 330); and Nutrient Management (Code 590).

DATES: Comments will be received on or before June 24, 1999.

FOR FURTHER INFORMATION CONTACT:

Copies of these standards will be made available upon written request to Lee E. Brooks, Assistant State Conservationist, Technology, Natural Resources Conservation Service (NRCS), 9173 W.

Barnes Dr., Suite C, Boise, ID 83709–1574 (phone 208–378–5720). Electronic requests and comments can be submitted to nrcs@id.usda.gov, Attention Lee Brooks.

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agriculture Improvement and Reform Act of 1996 states that after enactment of the law, revisions made to NRCS state technical guides used to carry out highly erodible land and wetland provisions of the law shall be made available for public review and comment. For the next 30 days, NRCS in Idaho will receive comments relative to the proposed changes. Following that period, a determination will be made by NRCS in Idaho regarding disposition of these comments, and a final determination of changes will be made.

Dated: May 18, 1999.

Gary Pfeifle,

Assistant State Conservationist, Boise, Idaho.

Rural Business-Cooperative Service

National Sheep Industry Improvement Center; Solicitation of Nominations of Board Members

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice: Invitation to submit nominations.

SUMMARY: The Rural Business-Cooperative Service (RBS) announces that it is accepting nominations for the Board of Directors of the National Sheep Industry Improvement Center for three directors' positions whose terms are expiring on February 13, 2000. Two of the positions are for those that have expertise in finance and management and the other position is for active producers of sheep or goats. Board members manage and oversee the Center's activities. Nominations may only be submitted by National organizations that consist primarily of active sheep or goat producers in the United States and who have as their primary interest the production of sheep or goats in the United States. Nominating organizations should submit:

- (1) Substantiation that the nominating organization is national in scope,
- (2) The number and percent of members that are active sheep or goat producers,
- (3) Substantiation of the primary interests of the organization, and
