FEDERAL HOUSING FINANCE BOARD

Forum on Successful Mortgage Lending Practices in Indian Country

AGENCY: Federal Housing Finance Board.

ACTION: Notice of forum.

SUMMARY: The Federal Housing Finance Board (Finance Board) is hereby announcing a Forum on Successful Mortgage Lending Practices in Indian Country.

DATES: The forum will be held on May 27, 1999 beginning at 9:30 a.m.

ADDRESSES: The forum will be held at the Office of Thrift Supervision Amphitheater, 1700 G Street, N.W., Washington, D.C. 20552.

FOR FURTHER INFORMATION CONTACT: Roberta Youmans, Program Analyst, Community Investment Division, at (202) 408-2581, or Naomi Salus, Director, Office of Public Affairs at (202) 408-2957, Federal Housing Finance Board, 1777 F Street, N.W., Washington, D.C. 20006.

SUPPLEMENTARY INFORMATION: There is a well-established need for housing and particularly homeownership among Native Americans. Between 1992 and 1996, only 91 conventional loans were closed on trust lands, and 80 of those were made to the members of two tribes. The absence of a private lending and real estate market has taken a toll on many Indian communities. Forty percent of housing in tribal areas lacks

basic amenities like indoor plumbing and bathrooms. Twenty-one percent of reservation housing is overcrowded—a rate nearly ten times larger than that for the United States generally.

The forum will focus on success stories: solutions to critical problems that have prevented homeownership. Tribal housing directors, tribal families and bankers will share information on how to join together to achieve homeownership.

One outcome is for tribes to begin using funds more creatively and lenders to start to recognize the market potential of lending in Indian country.

The Native American Housing and Self-Determination Act of 1996 represented a watershed by replacing traditional government housing programs with block grants. But to move Indian Country's housing into the 21st century, policy makers and industry professionals must encourage and help replicate successful initiatives.

The Finance Board is co-sponsoring the forum with the National American Indian Housing Council (NAIHC). Through research, training and technical assistance, NAIHC encourages the development of greater housing and homeownership opportunities for Native Americans. Through its Mortgage Partnership Program it also assists financial institutions in providing greater lending on reservations through educational forums and direct means.

Forum moderators are: Bruce Morrison, Chairman, Federal Housing Finance Board; J. Timothy O'Neill, Director, Federal Housing Finance Board; Chester Carl, Chairman, National American Indian Housing Council and Executive Director, Navajo Housing Authority; John Williamson, Vice Chairman, National American Indian Housing Council and Executive Director, Lower Elwha Housing Authority; Jacqueline Johnson, Deputy Assistant Secretary, Office of Native American Programs, United States Department of Housing and Urban Development; and Christopher D. Boesen, Executive Director, National American Indian Housing Council.

By the Federal Housing Finance Board.

Bruce A. Morrison,

Chairman.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[Program Announcement 99094]

Community Coalition Development Projects for African American Communities; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 1999 funds to support African American community coalitions to plan and develop linked networks of HIV, STD, TB, substance abuse and primary care services within their respective communities. This program addresses the "Healthy People 2000" priority area(s) of Educational and Community-Based Programs, HIV Infection, and Sexually Transmitted Diseases. The purpose of this program is to improve the health status of African American communities disproportionately affected by HIV, STDs, TB, and substance abuse. Specific goals of the program are to increase access to health services by: (1) Using community coalitions to develop linked networks of HIV, STD, TB, and substance abuse prevention, treatment, and care services for African American communities disproportionately affected by HIV/AIDS for which gaps in services and funding exist; and (2) strengthening existing linkages among local prevention, treatment, and care

providers to better serve these communities. (Please refer to Appendix A for background information relevant to this program announcement. Also, refer to Section J, Where to Obtain Additional Information, for dates and times of audio-conferences.)

B. Eligible Applicants

Eligible applicants (identified here as lead organizations) are non-profit organizations that develop coalitions to design plans for building and strengthening linkages among HIV, STD, TB, and substance abuse prevention, treatment, care services and other health and social service programs in specifically defined African American communities at high risk for these conditions. For the purposes of this announcement, the term "community" refers to a specific area within which the lead organization and its partners will focus their efforts. This area must be defined as one or more contiguous neighborhoods, school districts, zip codes, or census tracts.

Lead organizations must meet the following criteria:

1. Must be a local, nonprofit health, social service, or voluntary organization that has been granted tax-exempt status under section 501(c)(3) of the Internal Revenue Code, as evidenced by an Internal Revenue Service (IRS) determination letter. Examples of these organizations include, but are not limited to, neighborhood or community health centers, community-based organizations, reproductive health centers, and substance abuse treatment programs.

2. Must have or develop a board, governing body, or advisory group in which greater than 50% of the members are of the African American population(s) to be served. This body must also include, or demonstrate ability to obtain input and representation from, community members at high risk for HIV, STDs, TB, and substance abuse. (Examples of persons at high risk include, men who have sex with men, youth at risk, women at risk, transgender populations, injecting and other drug users).

3. Must have greater than 50% of key staff positions, including management, supervisory, administrative, and service positions, filled by African Americans.

4. Must have an established record of providing services to African Americans. An established record is defined as a minimum of three years serving the target community. Acceptable documentation includes letters of support, client satisfaction surveys, and memoranda of agreement.
