## DEPARTMENT OF LABOR

### Employment and Training Administration

#### Proposed Collection; Comment Request

ACTION: Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the employment and Training Administration is soliciting comments concerning the proposed extension collection of the data contained on the Welfare to Work Formula (ETA 9068) and Competitive (ETA 9068-1) Cumulative Quarterly Status Reports.

A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addressees section of this notice.

**DATES:** Written comments must be submitted to the office listed in the

addressees section below on or before August 2, 1999.

**ADDRESSES:** Edward Donahue, Acting Chief, Division of Financial Grants Management Policy and Review, Office of Grants and Contract Management, United States Department of Labor, Employment and Training Administration, 200 Constitution Ave. NW, Rm. N-4720, Washington, D.C. 20210, (202-219-5731 x126—not a toll free number) and, Internet address: EDonahue@DOLETA.GOV and/or FAX: (202-501-4811).

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Welfare to Work program is a new program designed to assist States in providing transitional employment assistance to move hard-to-employ recipients of Temporary Assistance for Needy Families, with significant job placement and job retention barriers, into unsubsidized jobs. The quarterly financial status reports are due to the Employment and Training Administration in order to evaluate the program, for program planning and management, to measure regulatory compliance, and for audit purposes. The required data will be transmitted from the grantees to ETA via the Internet, quarterly throughout the life of the grant. The data will be cumulative from

the inception of the grant and a separate format will be required for each fiscal year of funds received by the grantee. Passwords and Personal Identification Numbers have been assigned to all grantees to enable access to the reporting formats and provide a mechanism for data certification.

**II. Review Focus**

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

**III. Current Actions**

The existing collection of information must be continued so that DOL can effectively manage and evaluate the WtW program. It is also essential that DOL has available the required data to measure program performance against the OMB approved performance bonus criteria. The Balanced Budget Act of 1997 stipulates that bonuses are to be awarded in FY 2000 based on the performance of each State that is a WtW State in 1998 and 1999.
