### Commodity Credit Corporation

#### Cotton Storage Agreement Fees

**AGENCY:** Commodity Credit Corporation, USDA.

**ACTION:** Notice of fees.

**SUMMARY:** The purpose of this notice is to publish a schedule of fees to be paid to Commodity Credit Corporation (CCC) by cotton warehouse operators entering into an agreement to store CCC cotton or cotton pledged as collateral for CCC loans; increasing the amount of storage covered by an existing storage agreement for storage of such cotton; or renewing an existing agreement for the storage of such cotton.

**EFFECTIVE DATE:** July 1, 1999.

**FOR FURTHER INFORMATION CONTACT:** Howard Froehlich, Chief, Storage Contract Branch, Warehouse and Inventory Division, Farm Service Agency, United States Department of Agriculture, 1400 Independence Avenue, S.W., STOP 0553, Washington, D.C. 20250-0553, telephone (202) 720-7398, or FAX (202) 690-3123.

#### Determination

In accordance with the provisions of the Commodity Credit Corporation Charter Act (15 U.S.C. 714 *et seq.*), CCC enters into storage agreements with cotton warehouse operators to provide for the storage of cotton owned by CCC or pledged as security to CCC for marketing assistance loans.

Specifically, 7 CFR 1427.1088 provides that all cotton warehouse operators who do not have an existing agreement with CCC for storage and handling of CCC-owned commodities or commodities pledged to CCC as loan collateral, but who desire such an agreement, must pay an application and examination fee for each warehouse for which CCC approval is sought prior to

CCC conducting the original warehouse examination.

A review of the revenue collected for application and examination fees indicates that the fees collected are insufficient to meet costs incurred by CCC for warehouse examinations and contract origination administrative functions. Accordingly, beginning with the start of the 1999-2000 contract year, the fees applicable to the 1999-2000 contract year are increased by 7.5 percent.

The fee will be computed at the rate of \$80 for each 1,000 bales of storage capacity or fraction thereof, but the fee will be not less than \$160 nor more than \$1,600.

Signed at Washington, DC, on May 25, 1999.

### Forest Service

#### Salvage Harvest Due to 1998 Storm Damage, Daniel Boone National Forest, McCreary and Pulaski Counties, KY; Correction

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice; correction.

**SUMMARY:** The Forest Service published a Notice of Intent to prepare an environmental impact statement in the **Federal Register** of July 31, 1998, concerning request for comments on removing trees damaged by severe snow and two wind storms in February, April, and May 1998, respectively. The Draft Environmental Impact Statement (DEIS) was planned to be available for review in November 1998, but is not yet available. The delay in preparing the DEIS is unfortunate, but necessary, in order to adequately assess and disclose the impacts of the proposal including alternatives to the proposal. This correction, changes when the DEIS is expected to be available for review.

**CORRECTION:** In the **Federal Register** of July 31, 1998, FR Doc. 98-45, on page 40875, correct section F—Estimated Date for the DEIS and FEIS, first sentence of first paragraph to read: The DEIS is expected to be filed with the

Environmental Protection Agency and to be available for public comment by August 1999, and the FEIS is expected to be released by January 2000.

**FOR FURTHER INFORMATION CONTACT:** Myra Williamson, 606-376-5323.

Dated: May 17, 1999.
