FEDERAL COMMUNICATIONS COMMISSION**Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission**

May 24, 1999.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before August 2, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commission, 445 12th Street, S.W., Room 1-A804, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0641.

Title: Notification to File Progress Report.

Form Number: FCC 218-I.

Type of Review: Revision to a currently approved collection.

Respondents: Business or other for-profit entities; and individuals or households.

Number of Respondents: 500.

Estimated Time per Response: 1 hour.

Frequency of Response: 3 years and 5 years.

Total Annual Burden: 500 hours.

Total Annual Cost: None.

Needs and Uses: The data collected are used by FCC staff to determine whether the 218-219 MHz licensee (previously IVDS) is entitled to their authorization to operate. From this data, the Commission is able to confirm that service has been made available to at least 30 percent of the population or land area within three years of license grant and 50 percent of the population or land area within five years of license grant. The data collected ensures licensees are making proper use of the frequency spectrum.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collections Approved by Office of Management and Budget

May 24, 1999.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

OMB Control No.: 3060-0817.

Expiration Date: 11/30/99.

Title: Computer III Further Remand Proceedings; BOC Provision of Enhanced Services (ONA Requirements), CC Docket No. 95-20.

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 500 respondents; 72.5 hours per response

(avg.); 36,250 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion; third party disclosures.

Description: In the Report and Order issued in CC Docket No. 95-20, released March 10, 1998, the Commission eliminates outdated, unnecessary regulations, while continuing to protect against potential anticompetitive behavior by the Bell Operating Companies (BOCs) in the provision of information services. The Commission has established the following collections of information: (a) The Commission no longer requires BOCs to file their Comparably Efficient Interconnection (CEI) plans with the Commission and to obtain pre-approval of CEI plans and amendments before initiating or altering an intraLATA information service. Instead, we require BOCs to post their CEI plans and plan amendments on their publicly accessible Internet sites linked to and searchable from the BOC's main Internet page, and to notify the Common Carrier Bureau at the time of the posting. The substance of the notification may be limited to the Internet address and path to the relevant CEI plan or amended plan; the form may consist of a letter to the Secretary with a copy to the Bureau. The requirement extends to CEI plans for new or modified telemessaging or alarm monitoring services, and for new or amended payphone services. In addition, if the BOC receives a good faith request for a plan from someone who does not have internet access, the BOC must notify that person where a paper copy of the plan is available for public inspection. (No. of respondents: 5; hours per respondent: 50 hours; total annual burden: 250 hours). (b) The Commission removes the Computer II network disclosure rules for BOCs providing information through a Computer II separate subsidiary, the Computer II all-carrier rule, and the Computer III network disclosure rules. The Commission extends the disclosure requirements in section 51.325(a) of its rules to require incumbent LECs to provide public notice of any network changes that will affect the manner in which Customer Premises Equipment (CPE) is attached to the network. (No. of respondents: 500; hours per response: 72 hours; total annual burden: 36,000 hours. See also OMB control number 3060-0741. Note that burden estimate for 47 CFR Section 51.35(a) is approved under OMB control number 3060-0741). The collections of information relating to CEI plans will be used to ensure that BOCs comply with Commission policies

and regulations safeguarding against potential anticompetitive behavior by the BOCs in the provision of information services. The disclosure of CPE is necessary to encourage competition in the telecommunications services market by lifting operations barriers to entry. Obligation to comply: Mandatory.

Title: Access to Telecommunications Equipment and Services by Persons with Disabilities—CC Docket No. 87-124.

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 806,100 respondents; 1.2 hours per response (avg.); 991,000 total annual burden hours for all collections.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$638,000.

Frequency of Response: On occasion; third party disclosures.

Description: Title II of the Communications Act of 1934, as amended, 47 U.S.C. section 201 *et al.*, provides the statutory authority for the Commission to promulgate the rules and regulations contained in part 68 of FCC Rules, 47 CFR Part 68. Requirements in part 68 are necessary to prevent degradation of the telephone network. The following collections are necessary to inform consumers who purchase and/or use telephone equipment to determine whether the telephone is hearing aid compatible. a. section 68.300(c) Equipment Labeling Requirements. Pursuant to Section 68.300(c), all registered telephone manufactured in the U.S. or imported for use in the U.S. that are hearing aid compatible must be stamped with the letters HAC. The provision applies to all telephones manufactured or imported as of March 1, 1997 for use in the United States. The provision excludes telephones used with public mobile services or private radio services, and secure telephones. (No. of respondents: 1100; hours per response: 11.36; total annual burden: 12,500). b. Section 68.112(b)(3)(E) to designate emergency telephones. Section 68.112(b)(3)(E) requires that employers with fifteen or more employees provide emergency telephones for use by employees with hearing disabilities, and that the employers "designate" such telephones for emergency use. The "designation" might be a sign or a written notice to employees, or some other means of designation. The type of designation is left up to the employer. (No. of respondents: 805,000; hours per response 1.2; total annual burden:
