SUPPLEMENTARY INFORMATION:**Background**

One of the missions of the Corporation is to "provide opportunities to engage in service that addresses the nation's unmet human, educational, environmental, and public safety needs" (42 U.S.C. 12501(b)). Through the AmeriCorps*VISTA (Volunteers in Service to America) program, the Corporation supports VISTA's 34 year mission to engage Americans in community service activities and build the capacity of low-income communities. AmeriCorps*VISTA activities address issues of poverty and poverty-related problems by generating private sector resources, encouraging volunteer service at the local level, and strengthening the capacity of local organizations and agencies to meet the needs of low-income communities.

VISTA is a full-time, full-year service program for men and women ages 18 and older. AmeriCorps*VISTA places federally funded national service participants in ongoing programs managed by public agencies or private, nonprofit organizations. AmeriCorps*VISTA members work within these agencies or organizations to help them expand services to people in economically disadvantaged communities. Members are involved in a wide variety of community-oriented efforts, such as developing literacy programs, organizing outreach programs in health care, training low-income people in business management, and establishing transitional housing programs for the homeless.

Since 1996, the Corporation has conducted an annual survey and collected data from AmeriCorps*VISTA projects to describe program accomplishments. These responses assist the Corporation in addressing policy and programming issues about AmeriCorps*VISTA and the projects it supports throughout the country.

Current Action

The Corporation seeks approval of a survey form to collect data from a sample of AmeriCorps*VISTA projects. The 1999 AmeriCorps*VISTA Project

Accomplishments Survey will be administered by mail and also through a computerized data tracking system. The survey will cover VISTA project activities and accomplishments during the 12-month period of October 1, 1998, through September 30, 1999. Approximately 1,250 projects will be surveyed, of which we expect 950 respondents. The survey will collect data on project characteristics and on specific AmeriCorps*VISTA activities and accomplishments in each of seven program emphasis areas and in organizational capacity building. Accomplishment data from the FY 1999 survey will be used to provide a report on AmeriCorps*VISTA accomplishments to the Congress in FY 2000 and to satisfy the Government and Performance and Results Act of 1993 requirements.
