Approval and Promulgation of Implementation Plans; Ohio

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing approval of revisions to the Ohio State Implementation Plan (SIP) for rules 3745-15-05 (De Minimis exemption) and 3745-35-02 (Permits to Operate) of the Ohio Administrative Code (OAC).

In the final rules section of this **Federal Register**, EPA is approving the State's request as a direct final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. A detailed rationale for approving the State's request is set forth in the direct final rule. The direct final rule will become effective without further notice unless EPA receives relevant adverse written comment. Should EPA receive such comment, we will publish a timely withdrawal informing the public that the direct final rule will not take effect and such public comment received will be addressed in a subsequent final rule based on the proposed rule. If no adverse written comments are received, the direct final rule will take effect on

the date stated in that document, and no further action will be taken. EPA does not plan to institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before July 8, 1999.

National Emission Standards for Hazardous Air Pollutants Emissions: Group IV Polymers and Resins

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; extension of compliance.

SUMMARY: The EPA is proposing to extend certain compliance dates contained in National Emissions Standards for Hazardous Air Pollutants Emissions: Group IV Polymers and Resins. The revisions concern an extension of the compliance dates specified in 40 CFR 63.1311(b) and (d)(6) for polyethylene terephthalate (PET) affected sources. We are

proposing these compliance extensions pursuant to Clean Air Act section 301(a)(1) to complete reconsideration of equipment leak provisions and any necessary revision to the rule.

In the "Rules and Regulations" section of the **Federal Register**, we are approving the extension of compliance dates as a direct final rule without prior proposal because we view this as a noncontroversial revision and anticipate no adverse comment. We have explained our reasons for this approval in the preamble to the direct final rule. If we receive no adverse comment, we will not take further action on this proposed rule. If we received adverse comment, we will withdraw the direct final rule and it will not take effect. We will address all public comments in a subsequent final rule based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.
