DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

15 CFR Part 922

Regulation of the Operation of Motorized Personal Watercraft in the Gulf of the Farallones National Marine Sanctuary

AGENCY: Marine Sanctuaries Division (MSD), Office of Ocean and Coastal Resource Management (OCRM), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Extension of comment period.

SUMMARY: On April 23, 1999, NOAA published a proposed rule and notice of availability of a Draft Environmental Assessment (DEA) restricting the use of motorized personal watercraft in the Gulf of the Farallones National Marine Sanctuary (FR Volume 64, Number 78, pages 19945-19952). On May 20, 1999, NOAA published a notice of public meeting and extension of the comment period. This notice further extends the comment period.

DATES: Comments on the proposed rule or DEA must be received by July 1, 1999.

ADDRESSES: Comments should be sent to Ed Ueber, Sanctuary Manager, Gulf of the Farallones National Marine Sanctuary, Ft. Mason, Building 201, San Francisco, California 94123; fax: (415) 561-6616; email: ed.ueber@noaa.gov. Comments received will be available for public inspection at the above address.

FOR FURTHER INFORMATION CONTACT: Ed Ueber at (415) 561-6622.

SUPPLEMENTARY INFORMATION: NOAA proposed to amend the regulations governing the Gulf of the Farallones National Marine Sanctuary (Sanctuary) to prohibit the operation of motorized personal watercraft (MPWC) in the nearshore waters of the Sanctuary. Specifically, the operation of MPWC would be prohibited from the mean high-tide line seaward to 1,000 yards (approximately 0.5 nautical mile), including seaward of the Farallon Islands. The proposed rule would ensure that Sanctuary resources and qualities are not adversely impacted and would help avoid conflicts among various users of the Sanctuary.

The original notice of proposed rule, published on April 23, 1999, had a 30 day comment period, which closed on May 24. On May 16, 1999, NOAA submitted a notice to the **Federal Register**, which was published on May 20, 1999, extending the comment period until June 11, 1999. On May 17, 1999, NOAA received a request to extend the comment period for at least an additional 30 days beyond the original comment period. This extension of comment period until July 1, 1999, is in response to that request.
