June 7, 1999.

Take notice that on June 1, 1999, PG&E Gas Transmission, Northwest Corporation (PG&E GT-NW) tendered for filing as part of its EFRC Gas Tariff, First Revised Volume No. 1-A: Twenty-second Revised Sheet No. 5. PG&E GT-NW requests that the above-referenced tariff sheet become effective July 1, 1999.

PG&E GT-NW asserts that the purpose of this filing is to comply with Paragraph 37 of the terms and conditions of First Revised Volume No. 1-A of its FERC Gas Tariff, "Adjustment for Fuel, Line Loss and Other Unaccounted For Gas Percentages." These tariff changes reflect that PG&E GT-NW's fuel and line loss surcharge percentage will decrease to -0.0001% per Dth per pipeline-mile for the six-month period beginning July 1, 1999. Also included, as required by Paragraph 37, are workpapers showing the derivation of the current fuel and line loss percentage in effect for each month the fuel tracking mechanism has been in effect.

PG&E GT-NW further states that a copy of this filing has been served on PG&E GT-NW's jurisdictional customers and interested state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. Tennessee Gas Pipeline Company; Request for Waiver and Filing of Take-or-Pay Reports

June 7, 1999.

Take notice that on June 1, 1999, Tennessee Gas Pipeline Company (Tennessee) tendered for filing a request for waiver of Article XXV of the General Terms and Conditions of its FERC Gas Tariff, Fifth Revised Volume No. 1. Tennessee states that it is requesting this waiver to permit Tennessee to omit the filing of the revised tariff sheets scheduled to be filed by June 1, 1999, to be effective on July 1, 1999, because Tennessee has incurred only \$25,000 of new recoverable take-or-pay costs since its last recovery filing submitted in Docket No. RP99-167.

Tennessee notes that the deferral of recovery of take-or-pay costs will not affect the accounting for additional costs and carrying charges, in accord with Article XXV, Sections 3.2 and 3.3, and the costs will be recovered through future filings pursuant to Article XXV.

Tennessee further notes that it is filing reports showing the derivation of the balances in its Demand and Volumetric Transition Cost Accounts, including carrying charge calculations, and the status of its recovery filings relative to the cap.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before
