BILLING CODE 4210-29-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability; Draft Restoration Plan

AGENCY: Fish and Wildlife Service,
Department of the Interior.

ACTION: Notice of availability.

SUMMARY: The U.S. Fish and Wildlife
Service (Service), on behalf of the
Department of the Interior (DOI), as a
natural resource trustee, announces the
release for public review of the Draft
Restoration Plan (RP) for the Hi View
Terrace Superfund Site. The Draft RP
describes the DOI's proposal to restore
natural resources injured as a result of
remedial actions undertaken to address
the release of hazardous substances
from the Hi View Terrace Superfund
Site.

DATES: Written comments must be
submitted on or before July 15, 1999.

ADDRESSES: Request for copies of the
Draft RP may be made to: Ms. Kathryn
Jahn, U.S. Fish and Wildlife Service,
New York Field Office, 3817 Luker
Road, Cortland, New York 13045.

Written comments or materials
regarding the Draft RP should be sent to
the same address.

FOR FURTHER INFORMATION CONTACT:

Kathryn Jahn, Environmental
Contaminants Branch, U.S. Fish and
Wildlife Service, New York Field Office,
3817 Luker Road, Cortland, New York
13045.

Interested parties may also call (607)
753-9334 or send e-mail to
kathryn_jahn@fws.gov for further
information.

SUPPLEMENTARY INFORMATION: The Hi
View Terrace Superfund Site (Site)
consists of lots at 100, 110, and 116, Hi
View Terrace in West Seneca, New
York, portions of which were filled with
cyanide-contaminated material. A
removal action was subsequently
undertaken in 1988 and 1989. A total of
5,600 tons of soil and debris were
removed, and the area backfilled with
clean material. About 0.5 acre of
wetland at the Site was lost due to the
remedial work, reducing the quantity
and quality of wetlands available for
wildlife. As compensation for this loss
we reached settlement of \$25,000 with
the Responsible Party.

The Draft RP is being released in
accordance with the Natural Resource
Damage Assessment Regulations found

at Title 43 of the Code of Federal
Regulation Part 11. The Draft RP
describes several habitat restoration and
protection alternatives identified by the
DOI, and evaluates each of the possible
alternatives based on all relevant
considerations. The DOI's Preferred
Alternative entails the use of \$25,000 by
the Town of West Seneca to purchase a
17-acre parcel of land along Cazenovia
Creek to create the Cazenovia Creek
Nature Preserve. Details regarding the
proposed project are contained in the
Draft Restoration Plan.

The Final Revised Procedures for the
Service for implementing the National
Environmental Protection Act,
published in the **Federal Register** on
January 16, 1997, provide a categorical
exclusion for natural resource damage
assessment restoration plans prepared
under CERCLA when only minor or
negligible change in the use of the
affected areas is planned. The DOI has
determined that the Preferred
Alternative will result in only a minor
change in the use of the affected area.
Accordingly this Restoration Plan
qualifies for a categorical exclusion
under NEPA.

Interested members of the public are
invited to review and comment on the
Draft RP. Copies of the Draft RP are
available from the U.S. Fish and
Wildlife Service's New York Field
Office at 3817 Luker Road, Cortland,
New York 13045. Additionally the Draft
RP is available for review at the Town
Clerk's Office at the West Seneca Town
Hall, 1250 Union Road, West Seneca,
New York 14224. All comments
received on the Draft RP will be
considered and a response provided
either through revision of this Draft Plan
and incorporation into the Final
Restoration Plan or by letter to the
commentor.
