

NPA: Association for Retarded Citizens of the Peninsula, Inc, Hampton, Virginia

Deletion

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action will result in authorizing small entities to furnish the service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service proposed for deletion from the Procurement List.

The following service has been proposed for deletion from the Procurement List:

Grounds Maintenance, Basewide (except Military Family Housing), Kelly AFB, Texas

Beverly L. Milkman,

Executive Director.

Frozen Concentrated Orange Juice From Brazil; Antidumping Duty Administrative Review; Time Limits

AGENCY: Import Administration, International Trade Administration, United States Department of Commerce.
EFFECTIVE DATE: June 11, 1999.

FOR FURTHER INFORMATION CONTACT: Shawn Thompson at (202) 482-1776, or Sergio Gonzalez at (202) 482-1779, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230.

POSTPONEMENT OF FINAL RESULTS OF ADMINISTRATIVE REVIEW: The Department published the preliminary results of the eleventh administrative review of the antidumping duty order on frozen concentrated orange juice from Brazil on February 5, 1999 (64 FR 5767). The current deadline for the final results in this review is June 7, 1999. In accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), the Department finds that it is not practicable to complete this

administrative review within the original time frame due to the complex nature of certain issues in this review which require further consideration. Thus, the Department is extending the time limit for completion of the final results until August 4, 1999, which is 180 days after the date on which notice of the preliminary results was published in the **Federal Register**. See Memorandum to Robert S. LaRossa, dated June 7, 1999.

This extension is in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and section 751(a)(3)(A) of the Act (19 U.S.C. 1675(a)(3)(A)).

Dated: June 7, 1999.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

U.S. Department of Commerce; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 99-004. **Applicant:** U.S. Department of Commerce, Seattle, WA 98115-0700. **Instrument:** Multibeam Echosounder (Sonar). **Manufacturer:** ELAC NAUTIK, Germany. **Intended Use:** See notice at 64 FR 23056, April 29, 1999.

Comments: None received. **Decision:** Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States. **Reasons:** The foreign instrument provides dual frequency (50 kHz and 180 kHz) capability to allow a ship to perform a near-shore to off-shore survey mission using a depth range from less than 50 m to over 1000 m. The Naval Oceanographic Office advised May 27, 1999 that (1) this capability is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Frank W. Creel,

Director, Statutory Import Programs Staff.

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 99-009. **Applicant:** University of Illinois at U/C, Purchasing Division, 207 Henry Administration Building, 506 S. Wright Street, Urbana, IL 61801. **Instrument:** Confocal Microscope Attachment. **Manufacturer:** Witec GmbH, Germany. **Intended Use:** The instrument will be used in conducting the experiments on the following materials: (1) Polymers—measurement of the light transmission at a wavelength of 5 microns as a function of position, (2) biomaterials—taking vibrational spectra in a liquid environment via reflection, (3) membranes—observation of molecules passing through the membrane in a liquid environment, (4) aluminum—using reflection spectroscopy to study the chemistry of corrosion in salt water and (5) superconductors—making microscopic circuits in high-Tc superconductors by selectively doping using UV light. In addition, the instrument will be used by students as a research tool in the course Physics 499 Thesis Research. Application accepted by Commissioner of Customs: May 7, 1999.

Docket Number: 99-010. **Applicant:** University of Wisconsin—Madison,
