#### Approval and Promulgation of State Plans for Designated Facilities and Pollutants: Texas

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rulemaking.

**SUMMARY:** We propose to approve the section 111(d) Plan submitted by the Texas Natural Resource Conservation Commission on November 3, 1998, to implement and enforce the Emissions Guidelines (EG) for existing municipal solid waste (MSW) landfills. The EG require States to collect landfill gas from large MSW landfills. In the final rules section of this **Federal Register**, we are approving the State Plan as a direct final rule without prior proposal because we view this as a noncontroversial action and anticipate no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated in relation to this rule. If we receive adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule

based on this proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please see the direct final rule of this action located elsewhere in today's **Federal Register** for a detailed description of the Texas State Plan.

**DATES:** Comments must be received by July 19, 1999.

**ADDRESSES:** You should address comments on this action to Lt. Mick Cote, EPA Region 6, Air Planning Section (6PD-L), 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202.
