#### Support of Small Watershed Programs; Request for Proposals and Federal Grant Applications FY 99, U.S. EPA, Region III, Chesapeake Bay Program Office

EPA seeks to award financial assistance to support communities undertaking small-scale watershed projects for the benefit of the Chesapeake Bay and its rivers. Congressional appropriation of \$750,000 has been designated for the Small Watershed Grant Program for fiscal year 1999. Funding will be provided to an intermediary organization under the authority of Section 104(b)(3) of the Clean Water Act (CWA) to make subawards to local governments and communities that are eligible to apply and are engaged in watershed protection. Intermediary organizations that are eligible for financial assistance awards include non-profits, interstate agencies, and educational institutions that have experience with federal grant procedures. Subawards administered by the intermediary organization may support investigations, experiments, surveys, studies, training, and demonstrations (as allowed by Section 104(b)(3) of the CWA) to work towards the protection and restoration of the Chesapeake Bay and its rivers.
