

Initiation of Antidumping Investigation

Based on our examination of the petition, we have found that the petition meets the requirements of section 732 of the Act. Therefore, we are initiating an antidumping duty investigation to determine whether imports of bulk aspirin from the PRC are being, or are likely to be, sold in the United States at less than fair value. Unless this deadline is extended, we will make our preliminary determination by November 4, 1999.

Distribution of Copies of the Petition

In accordance with section 732(b)(3)(A) of the Act, a copy of the public version of the petition has been provided to the representatives of the government of the PRC.

International Trade Commission Notification

We have notified the ITC of our initiation, as required by section 732(d) of the Act.

Preliminary Determination by the ITC

The ITC will determine by July 12, 1999, whether there is a reasonable indication that an industry in the United States is materially injured, or is threatened with material injury by reason of imports of bulk aspirin from the PRC. A negative ITC determination will result in the investigation being terminated; otherwise, this investigation will proceed according to statutory and regulatory time limits.

This notice is published in accordance with section 777(i) of the Act.

Dated: June 17, 1999.

Richard W. Moreland,
