CONSUMER PRODUCT SAFETY COMMISSION

Notification of Request for Reinstatement of Approval of Information Collection Requirements—Sound Levels for Toy Caps

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: In the April 6, 1999 **Federal Register** (64 FR 16710), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35), to announce the agency's intention to seek a reinstatement of approval for a period of three years from the date of approval by the Office of Management and Budget of information collection requirements in a regulation exempting certain toy caps from a banning rule. The Commission now announces that it has submitted to the Office of Management and Budget a request for reinstatement of approval of that collection of information.

A regulation codified at 16 CFR 1500.18(a)(5) bans toy caps producing peak sound levels at or above 138 decibels (dB). Another regulation

codified at 16 CFR 1500.86(a)(6) exempts toy caps producing sound levels between 138 and 158 dB from the banning rule if they bear a specified warning label and if firms intending to distribute such caps: (1) Notify the Commission of their intent to distribute such caps; (2) participate in a program to develop toy caps producing sound levels below 138 dB; and (3) report quarterly to the Commission concerning the status of their programs to develop caps with reduced sound levels.

The Commission requests reinstatement of approval of the information collection requirements in the rule codified at 16 CFR 1500.86(a)(6) to obtain current and periodically-updated information from all manufacturers concerning the status of programs to reduce sound levels of toy caps. The Commission will use this information to monitor industry efforts to reduce the sound levels of toy caps, and to ascertain which firms are currently manufacturing or importing toy caps with peak sound levels between 138 and 158 db.
