The event will be held from 9 p.m. to 9:30 p.m. Eastern Daylight Time (EDT) on July 4, 1999 in Calibogue Sound, Hilton Head, SC. These regulations are needed to provide for the safety of life on navigable waters during the event.

FOR FURTHER INFORMATION CONTACT: LTJG Angela Cooper at (843) 720-7748.

SUPPLEMENTARY INFORMATION:

Background and Purpose

These regulations are required to provide for the safety of life on navigable waters because of the inherent danger of fireworks that will be

exploded during the Harbour Town Fireworks Display, Calibogue Sound, Hilton Head, SC. In accordance with 5 U.S.C. 553, a notice of proposed rulemaking has not been published for these regulations and good cause exists for making them effective in less than 30 days from the date of publication, as information concerning the exact date and times of the event were only recently received.

Regulatory Evaluation

This regulation is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(f) of that order. The Office of Management and Budget has exempted it from review under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full regulatory evaluation under paragraph 10e of the regulated policies and procedures of DOT is unnecessary. The regulated area only encompasses a 1000 foot radius around the fireworks barge in approximate position of 32°08'2"N, 080°49'2"W. Further, the regulations will be in effect for only one hour.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) the Coast Guard must consider whether this rulemaking will have a significant economic impact on a substantial number of small entities. Small entities include small business, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

Therefore, the Coast Guard certifies under 5 U.S.C. 6705(b) that this rule will not have a significant economic impact on a substantial number of small entities, as the regulations will only be in effect for approximately 1 hour in a limited area of Calibogue Sound.

Collection of Information

This rule contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that this rulemaking does not have sufficient

federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this action and has determined under Figure 2-1, paragraph 34(h) of Commandant Instruction M16475.1C, that this rule is categorically excluded from further environmental documentation.
