IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a registered securities association,⁶ and, in particular, the requirements of Section 15A(b)(5) and Section 15A(b)(6) of the Act.

Section 15A(b)(5) requires that the rules of a registered securities association provide for the equitable allocation of reasonable dues, fees, and other charges among members and issuers using any facility or system which the association operates or controls. The proposal amends the entry fees and annual fees paid by foreign issuers listed on the Nasdaq National Market. These fees are proposed to be based on a foreign issuer's number of outstanding shares trading in the United States.⁷ The Commission finds that this number is reasonable because it represents the number of shareholders that receive the benefits of listing on Nasdaq Stock Market. The Commission also finds that the new fees are equitably allocated among foreign issuers because all foreign issuers are subject to the same fee calculation. Moreover, the Commission finds that the fees are reasonably allocated among all issuers, foreign and domestic, because they are based upon the benefits derived by each issuer.

Section 15A(b)(6) requires, among other things, that the rules of a registered securities association be designed to promote just and equitable principles of trade and not be designed to permit unfair discrimination between

customers, issuers, brokers, or dealers. The proposal applies equally to all foreign issuers that trade in the United States on the Nasdaq stock Market, thus it is not designed to permit unfair discrimination among foreign issuers. In addition, as discussed above, the proposal should not permit unfair discrimination among all issuers because the fees are based upon an issuer's usage of the Nasdaq Stock market.

Finally, the Commission notes that the proposed change to the annual fees are to be made effective as of January 1, 1999. The Commission finds that since the proposed change reduces the amount of fees owed by foreign issuers and that as a result of this proposed change foreign issuers will be given a credit for the higher fees paid thus far in 1999 to be applied to future annual fees that it is consistent with the Act to make these changes effective retroactively.

The Commission finds good cause to approve the proposal prior to the thirtieth day after the date of publication of notice of the filing in the **Federal Register**. The proposal reduces the amount of entry fees and annual fees to be paid by foreign issuers. These reductions do not raise any new or novel regulatory issues. Accordingly, the Commission believes that it is consistent with Sections 15A(b)(5) and (6) to approve the proposed rule change on an accelerated basis.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁸ that the proposed rule change (File No. SR-NASD-99-30) is hereby approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁹
